(Revised) Announcement on the Impact of the 2016 Kumamoto Earthquake

SUMCO Corporation today announced a revision to its press release "Announcement on the Impact of the 2016 Kumamoto Earthquake" dated April 25, 2016. Brief details are as follows.

The revised section is underlined.

[Before revision]
(Omitted)
The status at Kubara plant in Imari, Saga Prefecture as of April 25 is as follows.

The Kubara was impacted by the main earthquake that occurred in the early hours of the morning on April 16, causing the factory to suspend the production line for inspections.

We here by announce that production has resumed following the confirmation of safety and quality.

We will make an immediate announcement if this earthquake is forecasted to have significant impacts to our business results.

[After revision]
(Omitted)
The status at Kubara plant in Imari, Saga Prefecture as of April 25 is as follows.

The Kubara was impacted by the main earthquake that occurred in the early hours of the morning on April 16, causing the factory to suspend the production line for inspections.

We here by announce that production has resumed following the confirmation of safety and quality.
