Notice on the Issuance of Stock Options (Stock Acquisition Rights)

SoftBank Technology Corp. (hereinafter, "the Company") announces that on November 27, 2013 its Board of Directors resolved the issuance of stock acquisition rights ("the Stock Acquisition Rights") to certain directors , corporate officers and employees of the Company and subsidiaries of the Company pursuant to Article 236, 238 and 240 of the Corporate Law as stated below.

Description

1. Reason for the Issuance of Stock Acquisition Rights in the form of Stock Options:
   We have been actively promoting for recruitment of employees and into a subsidiary by M&A aiming at the management policy" To greatly grow up ".

   By applying the Stock Acquisition Rights to directors and employees of the Group promoted by growth of these strategies as well as further enhance the contribution motivation for improvement of consolidated financial results, stock price fluctuations and our shareholders, we will continue to share an interest.

2. Terms and Conditions for the Issuance of Stock Acquisition Rights:

(1) Persons Eligible for the Allotment of Stock Acquisition Rights, the Number of Persons, and the Number of Stock Acquisition Rights to be Allotted:

1 Director	120
29 Employees	1020

3 Directors of subsidiaries	160
7 Employees of subsidiaries	220

It is scheduled number of people and shares at the time of this publication, and the number of people mentioned above may increase and decrease. The number of the allocated Stock Acquisition Rights is intended only to show the maximum number issue that may also be decreased by the number of application.

(2) Type and Number of Shares underling the Stock Acquisition Rights:

The type of shares underlining the Stock Acquisition Rights shall be the Company's common stock, and the number of shares issued upon the exercise of each stock acquisition right (hereinafter referred to as the "number of shares granted") is 100. (The total number of shares for the 100 Stock Acquisition Rights as stated in the (2) above amounts to 152,000 shares.)

However if the company splits or consolidates its common stock (including allotting shares of the Company's common stock free of charge), the number of shares granted shall be adjusted by the following formula, and any fraction less than one share resulting from adjustment will be rounded down to the nearest one whole share.

Number of Shares to be Allotted after adjustment =
Number of Shares to be Allotted before adjustment × ratio of stock split or stock consolidation

In case of the disposal of treasury shares or issue stock at a price with the value less than the current price (from current price), if we do (Called "merger, etc." will be generically or more) merger, company split, share exchange, or share transfer, when performing stocks free allotment, we shall be able to adjust the number of the target stocks when it is appropriate to regulate the number of stocks within reasonable limits.

In addition to the above, if unavoidable circumstances necessitate an adjustment to the number of shares granted, it shall be adjusted to the extent reasonable.

(3) Total Number of the Stock Acquisition Rights: 1520

If the prospective assignment as mentioned above (1) have lost a position as an employee nor director of the Company or its subsidiaries in the allocation date, also in the event that some of the shares are not subscribed, and in consequence the total number of Stock Acquisition Rights to be offered decreases, the total number to be allotted will be the total number that will be issued.

(4) Amount to be Paid in Exchange for Stock Acquisition Rights:

It shall not need payment. This is a Stock Acquisition Rights to be granted as incentive compensation, it does not apply to advantageous issue that is not a requirement for the payment of money.

(5) Amount of Property to be provided as contribution upon the Exercise of Stock Acquisition Rights:

The assets to be contributed upon exercise of the Stock Acquisition Rights shall be cash, and the amount of the assets to be contributed upon exercise of each of the Stock Acquisition Rights shall be an amount obtained by multiplying the price per share to be issued or transferred upon exercise of the Stock Acquisition Rights hereafter defined ("the Exercise Price"), by the Number of Shares to be Allotted.

When the Company newly issues shares of common stock or disposes of its treasury shares of common stock at a price below the current quotation at Tokyo Stock exchange (excluding the case upon exercise of Stock Acquisition Rights), the Exercise Price shall be adjusted using the following formula with all figures less than one yen arising from the adjustment rounded up. However, it will the price of latter if the amount is less than the closing price of regular trading of the Company's common stock on the Tokyo Stock Exchange granting of Stock Acquisition Rights.

In the event the Company conducts, with respect to the shares of its common stock, a stock split or a consolidation of shares, the Exercise Price shall be adjusted using the following formula with any amount less than one yen arising from the adjustment rounded up.

The "number of outstanding shares" provided in the above formula is derived by deducting the number of treasury shares of common stock of the Company from the total number of issued shares of common stock of the Company. In the event the Company disposes of its treasury shares of common stock, the "number of shares newly issued" shall be replaced by the "number of treasury shares to be disposed of"

$$\text{Exercise Price after adjustment} = \text{Exercise Price before adjustment} \times \frac{\text{No. of outstanding shares} + \dfrac{\text{No. of shares newly issued} \times \text{Amount to be paid per share}}{\text{Quotation per share}}}{\text{No. of outstanding shares} + \text{No. of shares newly issued}}$$

In addition to the above, in the event it becomes necessary to adjust the Exercise Price for the Stock Acquisition Rights, the Exercise Price may be adjusted by the Company within the scope deemed reasonable.
