In our media shop business, we did not have as many popular game software titles as one year earlier. However, the average rental price per DVD has been rising partly because the rental sales of "Ted", a newly released rental DVD title, performed well.

Our reuse shops had a big clearance sale starting from August 9, which boosted both the total sales of our direct-managed reuse shops by19.6% and the average sales of our existing reuse shops by 8% as above.
