Notice Regarding Voluntary Collection of Brake Pads

MonotaRO Co., Ltd. (the "Company") announces a voluntary collection of brake pads that the company imported from Taiwan and sold in Japan. The company conducted an investigation and found some of the brake pads it sold contain asbestos exceeding the regulation level.

The company anticipates extraordinary loss related to this collection such as the collection and replacement cost, inventory loss and so on.

As it is difficult to estimate the monetary impact at this moment, another announcement of earnings forecast amendment or any notice will be made if necessary.
