# Notice Concerning Acquisition of "Green Star" Rating in GRESB Real Estate Assessment

Kenedix Retail REIT Corporation ("KRR") announced that it has earned a "Green Star" rating in the 2017 GRESB Real Estate Assessment for the second consecutive year.

1. "Green Star" Rating

KRR has been awarded a "Green Star" rating in the 2017 GRESB Real Estate Assessment for the second consecutive year, as its efforts for improving sustainability performance were evaluated, receiving high evaluation on both "implementation and measurement" and "management and policy". KRR also earned three star (out of five star) GRESB Rating, which is calculated relative to the global performance of reporting entities.

Please follow the link below to see the results of the 2017 GRESB Real Estate Assessment.

2. GRESB

GRESB is an annual benchmark assessment which measures environmental, social, and governance (ESG) considerations in the real estate sector. It was established in 2009 primarily by major European pension fund groups, which led the Principles for Responsible Investment. About 60 companies of investor members (total assets under management of approx. USD17 trillion (JPY1,870 trillion, assuming USD1 = JPY110), as of September 6, 2017) have joined the assessment and used GRESB to select and dialogue with investment targets.
There were 850 listed and unlisted real estate companies and funds worldwide that participated in the 2017 GRESB Real Estate Assessment.

3. Future measures

KRR will continue to advance environmental and social consideration measures, including enlivening of local community through retail property management.
