（Note）*Monthly sales in the table above are based on preliminary figures and subject to change going forward.

*Our existing stores are defined as the GEO group stores that have been conducting retail outlet operation for over 12 full months.

A new concept shop deployment that handles both media and reuse items at a single location is accelerated starting in the current term.

Thus, the total number of GEO Group shops is solely shown above because the conventional clear distinction between "media shop" and "reuse shop" is difficult.

In case when "Media shop" and "Reuse shop" are conjoined, the total counts them as one store.

Please pay attention to the change metioned above in comparing to the monthly data in the previous month.

"Year-on-year Sales" is continued to be used in order to attach great importance to the consecutiveness.

*These figures above are not audited by an auditing company.
