(Note)

1. The preliminary figures of the most recent month are released monthly, usually within five working days of the beginning of the next month as for the basis for mutual funds and investment advisory fee revenue, which accounts for the Company's majority of revenue.
2. AUM is assets that were entrusted to us by our investors, and not the assets held by SPARX Group. In addition, AUM would fluctuate due to the changes in investment performance, foreign exchange rate, and subscription and redemption of the fund.
3. The above-mentioned tables detail historical month-end AUM and preliminary figures for SPARX Group, including SPARX Asset Management Co., Ltd., SPARX Asset Trust & Management Co., Ltd., Cosmo Asset Management Co., Ltd., and SPARX Asia Capital Management Limited. The Company acquired 100% shares of SPARX Asset Trust & Management Co., Ltd. in April 2014, which has become a Group's subsidiary. The AUM managed by this company has been included in the above figures from April 2014. Please note the following figures represent total AUM for each subsidiary, regardless of the SPARX Group's equity interest.
4. All funds are valued at current market prices that are the basis for the management fee calculation and are rounded down to the nearest ¥100 million.
5. The figures for June-end are based on in-house calculations and should be regarded as preliminary.
6. The preliminary figures will be adjusted and released as confirmed figures in the next month.
7. Classification of investment strategy: In principle, if the AUM of investment strategy falls below 1% of SPARX Group AUM, its AUM is categorized in "Others" retroactively. 8. "Others" also includes the AUM that is difficult to be categorized into the specific investment strategy.
9. SPARX Group owns directly or indirectly 100% of all subsidiaries, except for the following:

Company Name	SPARX Group Interest (as of the end of June 2014)
