# Notice Concerning an Amendment to the Scheduled Dates for the Acquisition of Shares of JOLED Inc. (Subsidiarization)

TOKYO, Japan, June 7, 2017 – Japan Display Inc. ("JDI") today announced amended scheduled dates for execution of a definitive agreement for the acquisition of shares of JOLED Inc. ("JOLED") and completion of the acquisition of shares of JOLED. The previously scheduled dates were stated in an announcement issued March 30, 2017 (see "Notice Concerning Changes in the Scheduled Dates for the Acquisition of Shares of JOLED Inc. (Subsidiarization)")

* * *

1 . Details concerning the amended dates

| | Scheduled date announced in March 30, 2017 notice | Amended (new) scheduled date |
|---|---|---|
| Execution of a definitive agreement regarding the acquisition of shares of JOLED (subsidiarization) (scheduled) | Late June 2017 | Late June 2018 |
| Completion of the acquisition of shares of JOLED (subsidiarization) (scheduled) | Late December 2017 | To be determined* |

*In accordance with the date for the acquisition of shares of JOLED (subsidiarization) stated in the definitive agreement.

2. Reason for amending the dates

Since changing its management structure on April 1, 2017 JDI has been reworking its medium-term business strategy. This includes the need to continue further consideration of the commercialization of organic light-emitting diode (OLED) displays using the printing method developed by JOLED. Following consultations between JDI, JOLED and Innovation Network Corporation of Japan (INCJ), JOLED's largest shareholder, a joint decision was made to amend the date of the execution of the definitive agreement.

Meanwhile, JDI will continue outsourcing certain technology development projects to JOLED.
