Announcement regarding Revision to Dividend Forecast

Please be informed that the Company decided to revise its dividend forecast for fiscal year 2021 at the board of directors' meeting held on today.

1. Reasons

The amount of interim dividend per share for the fiscal year ending December 31, 2021 had been undecided. However, the interim dividend is expected to be 16 yen per share, based on an overall consideration of the profit forecast in the first half of fiscal year 2021, the outlook for the second half and beyond, funding needs for capital investment, the status of internal reserves, and other factors. At this time, the year-end dividend for the fiscal year ending December 31, 2021 is not determined.
