# Notice of Opening of Sustainability Page and Release of Integrated Report

We are pleased to announce the launch of the sustainability page on our Japanese website and the release of our integrated report “ExaWizards Integrated Report 2022.” The English version of the integrated report will be available at a later date.

This web page and report aim to provide an easy-to-understand explanation of our value creation process and business strategy, with a focus on our materiality: “Active participation of diverse human resources,” “Business expansion into a wide range of industries,” “Securing and improving technological superiority,” “Providing safe services through strong security,” and “Governance and risk management systems.”

We will continue to enhance the disclosure of financial and nonfinancial information to help our shareholders, investors, and other various stakeholders understand our sustainable growth and corporate value enhancement practices.
