1. Details of the investment valuation loss (extraordinary loss)

   Because of a substantial reduction in the net worth per share of the company to which we have made investment, relative to its book value on our books, we have posted an extraordinary loss of JPY1,548 thousand.

2. Outlook for the Fiscal Year ended on March 31, 2015

   Our outlook for the fiscal year ended on March 31, 2015 remains unchanged as this valuation loss was already taken into account as an extraordinary loss in our announcement on April 6, 2015.
