(Note 1) Base interest rate shall be the 1-month JBA Japanese Yen TIBOR . Please refer to the JBA TIBOR Administration's website (http://www.jbatibor.or.jp/english/rate/) for the JBA Japanese Yen TIBOR.

(Note 2) As for the green loans, loans will be taken out based on the Sustainability Finance Framework established by JPR. For details of the Sustainability Finance Framework, please refer to our website https://www.jpr-reit.co.jp/en/sustainability/e_green_finance.html

(Note 3) The green loan from Sumitomo Mitsui Banking Corporation will be used for the repayment of loan needed to acquire Nakano Central Park East, which is an eligible green asset. And the green loan from The Minato Bank, Ltd. will be used for the repayment of loan needed to acquire Housing Design Center Kobe, which is an eligible green asset. Concerning the Eligible Assets for which the Proceeds will be used, the Director and General Manager, Finance and Administration Division and CFO will evaluate and select them after discussions on conformity to the eligibility criteria by the Sustainability Group of the Finance and Investor Relation Department at Tokyo Tatemono Realty Investment Management, Inc. and confirmation by the Sustainability Committee for which the CEO serves as the chairperson.

2. Use of Funds

JPR will undertake these borrowings to repay the early repayment of the short-term borrowing of ¥2,000 million which will become due for repayment on February 5, 2025 and the short-term borrowing of ¥1,000 million which will become due for repayment on November 5, 2024. For details of the concerned short-term borrowing, please refer to the "Notice Concerning Borrowing (Green Loan)" released on July 3, 2024, "Notice Concerning Early Repayment of Borrowing " released on October 24, 2024 and "Notice Concerning Borrowing" released on September 19, 2024 .

3. Status of Debt after Additional Borrowing

(Yen in millions)

	Balance before Additional Borrowing	Balance after Additional Borrowing	Change
Short-Term Loans Payable	10,000	7,000	-3,000
Long-Term Loans Payable	189,500	192,500	+3,000
Investment Corporation Bonds	30,900	30,900	-
Interest-Bearing Debt	230,400	230,400	-
Ratio of Interest-Bearing Debt to Total Assets (Note 2)	42.9%	42.9%	-

(Note 1) Long-Term Loans Payable and Investment Corporation Bonds each include the current portions.
(Note 2) Ratio of Interest-Bearing Debt to Total Assets mentioned above is calculated using the following formula and then rounded to the first decimal place:
Ratio of Interest-Bearing Debt to Total Assets (%) = Interest-Bearing Debt ÷ Total Assets x 100
Total Assets is calculated by adding or subtracting the increase or decrease in Interest-Bearing Debt and unitholders' capital after the end of the fiscal period ended June 30, 2024 to the total assets as of the end of the fiscal period ended June 30,2024.

4. Other Matters Required for Investors to Appropriately Understand and Evaluate the Above Information

There will be no changes made to the content of the investment risk indicated in the Securities Report filed on September 26, 2024 with respect to the risks involved in repayment, etc. of the current borrowings.
