Explanation about proper use of forecasts of consolidated financial results and other special notes

1. Information Regarding the Audit Review Procedure: This report is outside the scope of the procedures for quarterly review of financial statements as required under the financial instruments and Exchange Act of Japan. The aforementioned procedures have not been completed as of the time of disclosure of this document.

2. Net income per share was calculated by the number of outstanding shares (excluding treasury stocks) at the end of fiscal year.

3. Forecasts announced by the company referred to above were prepared based on management's assumption with information available at this time and therefore involve known and unknown risks and uncertainties. Please note such risks and uncertainties may cause the actual results to be materially different from the forecasts.

4. This information to above is an UNOFFICIAL English-language translation of the original Japanese-language version. The format and contents of this document are defined by the requirements of the Tokyo Stock Exchange's Standard.
To the extent that there are discrepancies between this translation and the original version, the original version shall be definitive.
