and General Planning Manager

Notice Concerning Participation in the Japan-Bangladesh Economic Forum

We hereby announce that we participated in the Japan-Bangladesh Economic Forum held in Tokyo on October 28, 2026.

The forum was jointly organized by the Japan External Trade Organization (JETRO) and the Japan-Bangladesh Committee for Commercial and Economic Co-operation. The attendees from Bangladesh included Prime Minister Tarique Rahman, the Minister of Finance and Planning, the Chairman of the Invest Bangladesh Authority (IBA), and an adviser to the Prime Minister. The attendees from Japan included Mr. Shinji Wakayama, Parliamentary Vice-Minister of Economy, Trade and Industry, and representatives of the business community. Approximately 400 people participated in person or online. In addition to a keynote address by Prime Minister Rahman, presentations were delivered on public- and private-sector initiatives to expand trade and investment between the two countries.

On September 29, 2026, we entered into a Joint Venture Agreement with Advanced Chemical Industries PLC (Head Office: Dhaka, Bangladesh) (hereinafter “ACI PLC”), a leading conglomerate in Bangladesh, regarding the establishment of a joint venture company in Bangladesh. At a roundtable with Prime Minister Tarique Rahman, attended by government officials and business representatives from both countries, we presented the business concepts and future outlook for the proposed joint venture company under discussion with ACI PLC.

■ About ACI PLC

ACI PLC is one of the leading conglomerates in Bangladesh, operating an extensive portfolio across various sectors, including pharmaceuticals, consumer goods, automotive, agricultural machinery, and retail. Notably, in the agricultural sector, ACI PLC operates the nation's largest agribusiness, with comprehensive operations covering seeds, fertilizers, crop protection, livestock, fisheries, and agricultural machinery.

Further, its group company, ACI Motors Ltd., contributes to the development of agricultural mechanization and mobility in Bangladesh. It distributes agricultural, commercial, and construction machinery for global brands such as Yanmar (Japan), Sonalika (India), and FOTON (China), while also serving as the exclusive distributor for Yamaha (Japan) motorcycles in the country.

（6） Capital	878,318,430 BDT
（7） Stock Exchange	Dhaka and Chittagong
（8） Principal Group Companies	ACI Motors Ltd.、ACI Agribusiness Ltd.、ACI Logistics Ltd. etc.

■ Purpose of Establishing the Joint Venture Company in Bangladesh

In addition to driving the growth of its existing businesses, our group positions the exploration of new business domains and the expansion of its overseas operations as key growth strategies.

With a population of approximately 170 million, Bangladesh has recently garnered significant attention as one of the premier growth markets in South Asia. In this high-potential market, we aim to leverage the combined management resources and expertise of both companies by partnering with ACI PLC, which possesses a robust business foundation and an extensive network in the country. To realize new business opportunities in both Bangladesh and Japan, we will continue to advance its evaluations and discussions toward establishing the joint venture company in Bangladesh.
