Notification of Dividend Forecast Revision for FY2024

Tokyo, Japan – 7 November 2024 – BEENOS Inc. (BEENOS) announced to revise the year-end dividend forecast for FY2024, as resolved in its board meeting held on 7 November 2024.

1. Reason for revision of dividend

BEENOS views shareholder returns through dividends as a key management priority. With a focus on expanding its business and strengthening its financial foundation, BEENOS upholds a fundamental policy of maintaining a progressive dividend approach that avoids reductions and ensures long-term stability, regardless of performance fluctuations.

To complement this policy, BEENOS has established a new return policy targeting a dividend payout ratio of 30% or higher, aiming to balance business growth with shareholder returns as it works towards its medium-term objectives of achieving ¥5 billion in consolidated operating profit and a 20% ROE. Consequently, BEENOS has revised its year-end dividend forecast from ¥27 per share, announced on 7 November 2023, to ¥40 per share, reflecting an increase of ¥13 per share.

2. Description of dividend

	Annual Dividend				
	Q1	Q2	Q3	Year-end	Total
Previous Forecast (7 NOV 2023)	—	0.00 JPY	—	27.00 JPY	27.00 JPY
