Notice Regarding Determination of Disposal Value, etc., of Treasury Shares as Restricted Share Remuneration

Kakaku.com, Inc. (the “Company”) hereby announces that the disposal value (price), etc., of treasury shares as restricted share remuneration (the "Disposal of Treasury Shares") pursuant to a resolution of the Board of Directors held on March 19, 2025 (the "Disposal Resolution Date"), was decided today. For details of the Disposal of Treasury Shares, please refer the Company's press release dated March 19, 2025, the "Notice Regarding Disposal of Treasury Shares as Restricted Shares Remuneration" (the "Disposal Resolution Date Press Release").

1. Overview of the Disposal

(1) Class and number of shares for disposal	48,619 common shares of the Company
(2) Disposal value	2,236.5 yen per share
(3) Total disposal value	108,736,394 yen

2. Basis for determining the amount to be paid and its specific details

The Disposal of Treasury Shares shall be made using the monetary compensation claims to be paid to the Executive Officers of the Company for the grant of restricted shares as assets contributed in kind. The disposal value (price) is as described in the Disposal Resolution Date Press Release, "1. Overview of the Disposal: Method of determining the disposal value (price) of treasury shares (Purpose of setting a certain period from the date of the disposal resolution to the Conditions Determination Date) ". From the viewpoint of consideration for the interests of existing shareholders, and in order to avoid arbitrary pricing, the TSE Closing Price of 2,236.5 yen on the business day immediately prior to the Disposal Resolution Date was compared with the TSE Closing Price of 2,135 yen on the trading day immediately prior to the Conditions Determination Date, and the price was determined to be 2,236.5 yen, which was the higher price. The Company believes that the disposal value (price) of the treasury shares is not particularly favorable for the Allottees.
