Lasertec wins large order of next-generation product

Yokohama, Japan, March 21, 2017 - Lasertec Corporation announced today that it has received an order for the next-generation mask blank inspection system.

Our success in winning this large order is a result of endorsement for our technical expertise in the field of the next-generation mask blank inspection and for our ability to produce high-quality high-reliability products.

Summary information of the order

Customer:	Major mask blank manufacturer
Product type:	Next-generation mask blank inspection and review system
Order value:	About 4 billion yen
Time to record sales (plan):	Fiscal year ending June 2019 or later

Impact on the result of the current fiscal year

This order has no impact on the result of the fiscal year ending June 2017.
