Mitsubishi Heavy Industries Implements "exaBase IR Assistant"

- Improving Dialogue with Capital Markets Through Generative AI x IR-Specialized Products -

Exa Enterprise AI Inc. (Minato-ku, Tokyo; Representative Director: Takuma Oue; hereinafter “Exa Enterprise AI“), a group company of ExaWizards Inc., is pleased to announce that Mitsubishi Heavy Industries, Ltd. (hereinafter " Mitsubishi Heavy Industries ") has begun implementing our "exaBase IR Assistant." Mitsubishi Heavy Industries will utilize this specialized AI in investor relations (IR) and investor information disclosures to promote digital transformation (DX) and to focus on high-value-added information disclosures.

Exa Enterprise AI aims to unlock human potential and contribute to the realization of a society where people can face new challenges by providing AI services and products for productivity improvement in Japanese companies and organizations.

☑ Background

Mitsubishi Heavy Industries Group, a "Global Leader in Engineering and Manufacturing," will contribute to a sustainable, safe, secure, and comfortable society by integrating their advanced technological capabilities and cutting-edge expertise. The group strives for sustainable business growth and the enhancement of long-term corporate value.

Mitsubishi Heavy Industries Group operates businesses across four distinct areas: "Energy," "Plant & Infrastructure," "Logistics, Thermal & Drive Systems," and "Aerospace & Defense." The group hosts business strategy briefings and factory tours to explain the company's overview and strategies to stakeholders. The group also endeavors to create opportunities for communication between management, IR personnel, shareholders, institutional investors, and analysts.

Mitsubishi Heavy Industries Group has decided to introduce the exaBase IR Assistant, a generative AI service specialized in IR operations, to support their business communications. This decision will make effective use of their limited resources, enhance dialogue with capital markets, achieve operational efficiency, and allocate resources to higher value-added tasks.

News Release

☑ Implementing exaBase IR Assistant

Since the release of the product version in October 2023, exaBase IR Assistant has been introduced to many Tokyo Stock Exchange-listed companies, including JR East Japan, Murata Manufacturing, Toyoda Gosei, Nagoya Railroad, GENDA, Tokai Tokyo Financial Holdings, Tokyu Corporation, Hikari Food Service, Seibu Holdings, Topcon, Kyocera, and Sumitomo Forestry, SG Holdings, Idemitsu Kosan, Shionogi, multiple major financial institutions, comprehensive trading companies, telecommunications companies, semiconductor companies, etc. It is used in many organizations responsible for general meetings of shareholders, such as IR, general affairs, legal affairs, management planning, and accounting.

☑ About exaBase IR Assistant

exaBase IR Assistant utilizes AI to generate meeting minutes from audio and video of IR meetings for analysis and potential questions. It also provides an AI that automatically generates anticipated questions and corresponding answers for financial briefings, shareholder meetings, press conferences, and other briefings using various IR documents as data sources and incorporating company-specific information.
In the future, Exa Enterprise AI will collaborate with external information sources and release new features for exaBase IR Assistant to support information disclosure practices of listed companies through "IR Tech."
