3. A System to Ensure Appropriateness of Business Operations and its Operating Situation

(1) A System to Ensure Appropriateness of Business Operations

The following is an outline of contents of decisions to be taken with respect to systems instituted to ensure that the execution of duties of Board Directors conforms to laws and the Articles of Incorporation.

1) A System to Ensure that the Execution of Duties of Board Directors and Employees Conforms to Laws and the Articles of Incorporation

The Company formulates the "NTV Compliance Charter," a charter that sets out corporate activities that conform to laws, the Articles of Incorporation and corporate ethics, to which full-time officers and employees of the Company and the Nippon TV Group shall pledge. To disseminate this Charter throughout the Company, officers and employees are educated by the Corporate Strategy Division and the Corporate Administration & Human Resources Division.

As Board Directors and observers, we promote compliance with laws, the Articles of Incorporation and corporate ethics as well as highly transparent corporate activities by organizing a Compliance Committee consisting of outside professionals such as lawyers.

The "Nippon TV Holdings Hotline" is implemented as a reporting hotline to enable employees of the Company and the Nippon TV Group to directly report legally doubtful acts and behaviors inside the Company and request an investigation, in addition to their standard reporting line.

To ensure the legality of execution of duties by the Board Directors, the Company focuses on the supervisory function of Outside Board Directors and Outside Audit & Supervisory Board Members and activates the Board of Directors to pursue higher corporate governance.

By establishing a Business Audit Committee, we conduct internal audits and verify corporate governance.

We shall resolutely confront any antisocial entities and such entities will play no part in our business relationships or transactions. There will be no offer of illegal profits: any unjust demands or wrongful intervention will be reported to the police and other authorities concerned as part of an organized response based on close liaison with such agencies.

2) A System Related to Retaining and Managing Information Concerning Board Directors' Execution of Duties

Pursuant to the document handling regulations, information related to the Board Directors' execution of duties by Board Directors shall be recorded in writing or via electromagnetic media (hereinafter "documents, etc."), which shall be retained for a stipulated period.

Under the supervision of the Corporate Administration & Human Resources Division, such documents, etc., shall be retained at each division, at which a person in charge of and a responsible person for retaining the information assets are designated.

Board Directors and Audit & Supervisory Board Members shall be able to look at such documents, etc., anytime.

3) Regulations and Other Risk Management Systems for Losses

The Company installs the Internal Control Committee to manage risk on an overall company basis, and a Risk Management Committee to manage newly emerging risks on an expedited basis, with each committee being chaired by a representative director.

In Nippon TV Group, risks related to disasters, information management, program production, copyright contracts, broadcasting and fraudulent acts are addressed by installing various committees that encompass the entire Company, improving each system and renewing regulations.

Broadcasters such as Nippon TV Group have a special obligation to conduct emergency broadcasts following earthquakes and other disasters. The Company therefore maintains equipment and systems to enable uninterrupted broadcasting after such emergencies and creates the "Tokyo Metropolitan Area Anti-Disaster Manual" as the basis for training simulations.

4) System to Ensure Board Directors' Efficient Execution of Duties

The Company has a system for ensuring that duties are executed appropriately and efficiently based on the division of duties, approval rules and other company regulations and in accordance with authority and decision-making rules.

Moreover, we introduced an operating officer system to enhance the efficiency of the Board Directors' execution of duties to establish a system for the flexible execution of duties, and pursue corporate governance by having Outside Board Directors who have no interest relationships with the Company supervise the Board of Directors' execution of duties.

5) System to Ensure Appropriateness of Duties Conducted by the Company and a Corporate Group Consisting of its Subsidiaries

The Company establishes the Nippon TV Group Business Development Department within the Corporate Strategy Division, which addresses all aspects relating to compliance with laws and the Articles of Incorporation, development, and operation of the comprehensive strategies for Group management/business content, as well as enhancement of efficiency in execution of duties across the Nippon TV Group. The Department develops a group-wide system for compliance with laws and the Articles of Incorporation, management of risk, and efficient execution of duties.

The Company establishes the Nippon Television Holdings Group Management Regulations and the Group Companies Management Regulations, which includes basic provisions concerning risk management system for losses in Nippon TV Group companies, and set up a system through which the Group companies will report important matters to the Company.

The Company regularly holds Group Management Council meetings—consisting of representatives of the Group companies—to share information, reinforcing the appropriateness of operations and the efficiency in execution of duties.

Compliance-related training will be given to officers and employees of the Group companies as necessary.

6) Matters Related to Employees who Will Assist upon Audit & Supervisory Board Members' Request

Upon request by the Audit & Supervisory Board Members, employees to assist the Audit & Supervisory Board Members with their auditing duties shall be deployed at the Audit & Supervisory Board Management Office and perform their duties in accordance with the Audit & Supervisory Board Members; in such case, directors may not give any instructions contrary to those of the Audit & Supervisory Board Members.

Audit & Supervisory Board Members can order the employees who belong to the Audit & Supervisory Board Management Office to investigate matters necessary for auditing duties.

Employees working for the Audit & Supervisory Board Management Office shall assist the Audit & Supervisory Board Members with their auditing duties and concurrently work as a secretariat for the Business Audit Department.

7) Independence of the Employees who Assist Audit & Supervisory Board Members from Board Directors

Employees who assist the Audit & Supervisory Board Members shall not concurrently handle any duties pertaining to the business operations of the Company or its Group, and the personnel performance evaluation of such employees shall be conducted by the Audit & Supervisory Board Members. Transfer of and disciplinary actions relative to such employees shall be subject to the approval of the Audit & Supervisory Board Members.

8) A System that Requires Board Directors to Report to the Audit & Supervisory Board and a Means for Employees to Report to Audit & Supervisory Board Members

The Company's Board Directors shall report to the Audit & Supervisory Board on matters that could have a substantial impact on the Company or its Group based on the status of internal auditing.

In the event that the Company's employees find matters that could have a substantial impact on the Company or the Nippon TV Group, or facts that violate laws or the Articles of Incorporation, they can, in addition to using normal reporting line, directly report such instances to Audit & Supervisory Board Members or the Corporate Administration & Human Resources Division through the "Nippon TV Holdings Hotline," the reporting hotline. This shall also apply to the Nippon TV Group's Board Directors, Audit & Supervisory Board Members and employees, as well as persons who have received such reports.

The Business Audit Committee shall regularly report to the Audit & Supervisory Board Members the matters reported by the Company's employees or the Nippon TV Group Corporation's Board Directors, Audit & Supervisory Board Members or employees, as well as the results of internal audits.

The Company's Board Directors and employees, as well as the Nippon TV Group Corporation's Board Directors, Audit & Supervisory Board Members and employees, who have made said reports, or persons who have received such reports, shall not be subject to any disadvantageous treatment on the grounds of their having made such reports.

9) Other Systems to Ensure Effective Auditing by Audit & Supervisory Board Members

Standing Audit & Supervisory Board Members shall attend the Full-Time Directors Council and exchange opinions with full-time Board Directors.

Audit & Supervisory Board Members may attend the Group Management Council, which consists of representatives from the Group companies.

The Audit & Supervisory Board Members may receive advice regarding auditing duties from lawyers, Certified Public Accountants and other professionals, if necessary, and require the Company to pay in advance or reimburse expenses incurred by them with respect to their performance of duties including expenses for receiving said advice. Upon such request, the Company shall, respecting their decision, pay in advance or reimburse said expenses.

(2) Outline of the Operating Situation of the System to Ensure Appropriateness of Business Operations

The Company strives for the establishment of an internal control system and its appropriate operation based on the system described in the above to ensure appropriateness of business operations at the Company and the Nippon TV Group. The outline of the operating situation in the fiscal year under review is as follows:

1) Compliance System

The Company and the Nippon TV Group strove to disseminate throughout the Company the "NTV Compliance Charter," a corporate code of conduct with which officers and employees must comply, and implemented various training programs (on information security, insider trading prevention, etc.) as needed. Additional steps were taken to ensure that all employees would be aware of the "Nippon TV Holdings Hotline," which is a reporting hotline that has been in place for some time.

2) Execution of Duties of the Board Directors

In addition to assembling the Full-Time Directors Council by full-time officers every week, in principle, the Company held Meetings of the Board of Directors seven times during the fiscal year, to decide matters stipulated by law and in the Articles of Incorporation, as well as important matters of corporate management. In addition, the Company received reports on each Board Director's execution of duties and on Group companies' financial results, and carried out monitoring and/or supervision to ensure that the execution of duties of Board Directors and employees conformed to the laws and the Articles of Incorporation.

3) Risk Management System for Losses

In order to ensure appropriateness of business operations of the Nippon TV Group, we held Group Management Council meetings—consisting of representatives of the Group companies—to share knowledge on the operation of subsidiaries' businesses, identify risks that affect corporate management, and took necessary measures.

4) Internal Audit and Verification of Corporate Governance

The Business Audit Committee verified corporate governance based on the assessment of the establishment and operation of an internal control system pertaining to financial reporting made by the Business Audit Department in accordance with the internal audit annual plan, as well as on audit results of systems pertaining to the management and operation of various management activities of the Company and the Nippon TV Group and their execution of duties.

5) Systems to Ensure Effective Auditing by Audit & Supervisory Board Members

The Internal Audit Department sought close liaison with Audit & Supervisory Board Members in order to improve the effectiveness of audits. The Audit & Supervisory Board Members held Meetings of the Audit & Supervisory Board eight times during the fiscal year, in which they audited the execution of duties of Board Directors and the status of compliance with the laws and the Articles of Incorporation based on the audit policies and audit plans they had discussed and decided upon. In addition, Audit & Supervisory Board Members attended the Meetings of the Board of Directors and other important meetings to exchange opinions with Board Directors and the Independent Auditor on a regular basis.

4. Basic Policy Regarding Control of the Company

(1) Outline of Details of the Basic Policy

The Company believes that the persons who control decisions on the Company's financial and business policies need to be persons who understand the source of the Company's corporate value and will make it possible to continually and persistently ensure and enhance the Company's corporate value and the common interests of its shareholders.

The Company believes that ultimately its shareholders as a whole must make the decision on any proposed acquisition that would involve a transfer of corporate control of the Company. Also, the Company would not reject a large-scale acquisition of the shares in the Company if it would contribute to the corporate value of the

Company and, in turn, the common interests of its shareholders.

Nonetheless, there are some forms of large-scale acquisitions of shares that benefit neither the corporate value of the target company nor the common interests of its shareholders. In addition, unless the acquirer of a proposed large-scale acquisition of the shares in the Company understands the source of the corporate value of the Company and would ensure and enhance these elements over the mid- to long-term, the corporate value of the Company and, in turn, the common interests of its shareholders would be harmed.

The Company believes that persons who would make a large-scale acquisition of the shares in the Company in a manner that does not contribute to the corporate value of the Company or the common interests of its shareholders would be inappropriate to become persons who would control decisions on the Company's financial and business policies. The Company believes that it is necessary to ensure the corporate value of the Company and, in turn, the common interests of its shareholders by taking the necessary and reasonable countermeasures against a large-scale acquisition by such persons.

(2) Outline of Details of Measures to Realize the Basic Policy

1) Outline of Details of Special Measures to Realize the Basic Policy

Following the transition to a certified broadcasting holding company structure that took effect on October 1, 2012, the Company, under the new structure and under its medium-term management plan covering fiscal years 2012 to 2015, the "Nippon TV Group Medium-Term Management Plan 2012-2015 Next60," targeted consolidated net sales of over 400 billion yen and consolidated recurring profit of over 50 billion yen (a recurring profit margin of 12.5%) for fiscal year 2015. In our financial results for the target fiscal year of 2015, we achieved those targets.

Reflecting this, to further increase our corporate value, we have formulated a new medium-term management plan covering fiscal years 2016 through 2018, the "Nippon TV Group Medium-Term Management Plan 2016-2018 Change65."

Nippon TV Group recognizes that, looking well into the future, it should continue to be a corporate group that "provides enriching experiences" by producing new media and content as well as influencing life and culture, while fulfilling its social responsibilities as a media organization.

Based on this objective, Nippon TV Group has adopted the following medium-term management goals for fiscal years 2016-2018: (a) become the strongest production group, which produces and delivers enriching content; (b) "destroy and create" businesses to achieve continuous growth; (c) gain a solid position in overseas markets; (d) make social contributions that emphasize regions and individuals; and (e) foster a working environment that nurtures the talents of all the employees in the Nippon TV Group and motivate them to take on greater challenges.

By achieving these goals, Nippon TV Group will seek to increase its corporate value, targeting consolidated net sales of over 460 billion yen, consolidated recurring profit of over 55 billion yen (a recurring profit margin of 12.0%), and consolidated operating profit of over 60 billion yen (an operating profit margin of 13.0%) for fiscal year 2018. Nippon TV Group will work as one in the pursuit of "innovation and challenge" aimed at achieving the goals under the medium-term management plan.

Further, for the purpose of upgrading the organizational structure to effect the above measures, the Company has elected five of its 12 Directors as Outside Directors in order to strengthen the monitoring of the Company's management from outside the Company and to further enhance the Company's already sound management and transparency in its decision-making process. Also, in order to crystallize management's responsibilities to its shareholders, the Company has made the term of office of directors one year. The Company intends to continue to further strengthen its corporate governance practices in addition to making these efforts.

2) Outline of Details of Measures to Prevent Decisions on the Company's Financial and Business Policies from Being Controlled by Persons Viewed as Inappropriate Under the Basic Policy

The Company passed a resolution at its 83rd ordinary general meeting of shareholders held on June 29, 2016 (the "Previous Shareholders Meeting"), to renew the plan for countermeasures to large-scale acquisitions of the shares in the Company (takeover defense measures) (that plan after its renewal, the "Plan").

The purpose of the Plan is to ensure and enhance the corporate value of the Company and the common interests of its shareholders by ensuring that all shareholders have the necessary and adequate information and time to make appropriate decisions and by securing the opportunity to negotiate with the acquirer or by other means, in the case of large-scale acquisitions of the shares in the Company.

The Plan will apply, as a general rule, in cases where there is a purchase or any other acquisition of the Company's share certificates, etc. or any similar acts (the "Acquisition"), that falls under either of (a) a purchase or other acquisition that would result in the holding ratio of share certificates, etc. (*kabuken tou*

hoyuu wariai) of a holder (*hoyuusha*) amounting to 20% or more of the share certificates, etc. (*kabuken tou*) issued by the Company, or (b) a tender offer (*koukai kaitsuke*) that would result in the owning ratio of share certificates, etc. (*kabuken tou shoyuu wariai*) of a person conducting the tender offer and the owning ratio of share certificates, etc. of persons in a special relationship (*tokubetsu kankeisha*) totaling at least 20% of the share certificates, etc. (*kabuken tou*) issued by the Company. The party effecting the Acquisition (the "Acquirer") shall follow the procedures set out in the Plan.

The Company will require the Acquirer to submit to the Company before the Acquisition, an acquirer's statement and a document (the "Acquisition Document") which includes the information prescribed by the Company and other matters.

If an independent committee for the assessment of corporate value (to be composed of independent members such as Outside Directors of the Company in order to eliminate arbitrariness in decision-making by Directors and to objectively make a merits-based judgment in connection with matters such as the triggering of the Plan; the "Independent Committee") reasonably determines that the Acquirer has submitted the Acquisition Document, etc., the Independent Committee may set a reply period (up to sixty days, as a general rule) and request the Board of Directors to present an opinion on the Acquirer's Acquisition terms, materials supporting such opinion, alternative proposals, or otherwise.

The Independent Committee will consider the Acquisition terms, collect information on materials such as the management policies and business plans of the Acquirer and the Board of Directors and compare such materials, consider any alternative proposals, and discuss and negotiate with the Acquirer and the like for a period of time that does not, as a general rule, exceed sixty days after the time when the Independent Committee reasonably determines that it has received the information from the Acquirer and the Board of Directors.

If the Acquirer does not comply with the procedures set out in the Plan or the Acquisition by the Acquirer threatens to cause obvious harm to the corporate value of the Company and, in turn, the common interests of its shareholders and if the requirements prescribed under the Plan are met, the Independent Committee will recommend the implementation of the gratis allotment of stock acquisition rights with a selective exercise condition and a selective acquisition provision or the implementation of any other appropriate measures that could be taken under laws and ordinances and the Company's Articles of Incorporation. The Independent Committee may, in certain cases, recommend the implementation of the gratis allotment of stock acquisition rights or other measures subject to obtaining approval at a shareholders meeting.

The Board of Directors, in exercising their role as an organ under the Companies Act, will pass a resolution relating to the implementation or non-implementation of a gratis allotment of stock acquisition rights or other measures set out above respecting any recommendation made by the Independent Committee described above to the maximum extent, provided, however, that if the Independent Committee recommends the implementation of the gratis allotment of stock acquisition rights or other measures set out above subject to obtaining approval at a shareholders meeting in advance, the Board of Directors may convene a shareholders meeting and confirm the intent of the Company's shareholders.

The effective period of the Plan will, as a general rule, be the period until the conclusion of the ordinary general meeting of shareholders relating to the last fiscal year ending within three years of the conclusion of the Previous Shareholders Meeting.

(3) Decisions and Reasoning of the Board of Directors Regarding Above Measures

1) Decisions and Reasoning Regarding the Special Measures to Realize the Basic Policy (measures set out in (2)1) above)

The Company has, as mentioned in (2)1) above, implemented such measures as establishing the management policy and strengthening its corporate governance practices as specific measures to continually and persistently enhance the Company's corporate value and the common interests of its shareholders. These measures are certain to contribute to the realization of the Basic Policy.

Therefore, these measures comply with the Basic Policy and are consistent with the common interests of the Company's shareholders, and are not implemented for the purpose of maintaining the positions of the Directors and the Audit & Supervisory Board Members of the Company.

2) Decisions and Reasoning Regarding the Measures to Prevent Decisions on the Company's Financial and Business Policies from being Controlled by Persons Viewed as Inappropriate under the Basic Policy (measures set out in (2)2) above)

The Company has, as mentioned in (2)2) above, introduced the Plan for the purpose of ensuring and enhancing the corporate value and the common interests of its shareholders, and the Plan complies with the

[Translation for Reference and Convenience Purposes Only]

Basic Policy.

In particular, the Board of Directors believes that the Plan is fair and objective, contributes to the corporate value of the Company and, in turn, the common interests of its shareholders, and does not aim to maintain the positions of Directors and Audit & Supervisory Board Members of the Company for reasons such as the following.

(a) The Plan satisfies the three principles set out in the Guidelines Regarding Takeover Defense for the Purposes of Protection and Enhancement of Corporate Value and Shareholder's Common Interests released by the Ministry of Economy, Trade and Industry and the Ministry of Justice on May 27, 2005.

(b) The Plan has been renewed after obtaining shareholder approval at the general meeting of shareholders.

(c) The decision on whether it is appropriate to trigger the Plan is submitted to the general meeting of shareholders for its resolution in certain circumstances.

(d) The Company has established the Independent Committee composed only of Outside Directors or other persons who are independent from the Company, and it is required that a decision for the triggering of the Plan must be made through the judgment of the Independent Committee.

(e) Reasonable and objective requirements have been established regarding the triggering of the Plan.

(f) The Independent Committee may obtain advice from third-party experts at the Company's expense.

(g) The effective period of the Plan is three years and either the general meeting of shareholders or the Board of Directors may abolish the Plan at any time.

(h) The term of office of Directors of the Company is one year.

[Translation for Reference and Convenience Purposes Only]

Notes to the Consolidated Financial Statements

1. Basis of Presenting the Consolidated Financial Statements

(1) Scope of Consolidation

1) Number of Consolidated Subsidiaries: 20

The Company has twenty (20) consolidated subsidiaries: Nippon Television Network Corporation, BS Nippon Corporation, CS Nippon Corporation, NTV Technical Resources Inc., AX-ON Inc., NTV EVENTS Inc., Nippon Television Art Inc., Nippon Television Music Corporation, VAP Inc., TIPNESS Limited, NTV Services Inc., Nippon Television Work 24 Corporation, Forecast Communications Inc., NTV IT Produce Corporation, NitteleSeven Co., Ltd., TATSUNOKO PRODUCTION Co., Ltd., HJ Holdings, LLC, Anpanman Children's Museum, NTV America Company, NTV International Corporation.

NTV IT Produce Corporation, which increased its significance to the Group, and Anpanman Children's Museum, in which shares were acquired additionally, have been included into the scope of consolidation from the fiscal year under review.

In addition, on April 1, 2017 HJ Holdings implemented an organizational change from a limited liability company to a company limited.

2) Number of Non-Consolidated Subsidiaries: 28

The Company has twenty-eight (28) non-consolidated subsidiaries, including NTV Personnel Center Corp. These non-consolidated subsidiaries are individually small and their respective sums of total assets, net sales, profit (loss) and retained earnings have no significant impact on the consolidated financial statements, on the whole.

LogicLogic, inc. and three other companies became non-consolidated subsidiaries during the fiscal year under review, when, among other reasons, their shares were acquired.

In addition, NTV IT Produce Corporation and two other companies ceased to be non-consolidated subsidies due to their inclusion into the scope of consolidation from the fiscal year under review.

(2) Application of the Equity Method

1) Companies Accounted for by the Equity Method

All twenty-eight (28) non-consolidated subsidiaries, including NTV Personnel Center Corp. and twenty-eight (28) affiliates are accounted for by the equity method.

Note that in the fiscal year under review, LogicLogic, inc. and three other companies became non-consolidated subsidiaries accounted for by the equity method, subsequent to the acquisition of shares. Also, All About, Inc. and two other companies became equity method affiliates.

In addition, NTV IT Produce Corporation, Anpanman Children's Museum and three other companies have been excluded from the scope of equity-method application due to their inclusion into the scope of consolidation from the fiscal year under review.

2) Companies Not Accounted for by the Equity Method None applicable

(3) Closing Date for the Settlement of Accounts of Consolidated Subsidiaries

The closing date of the Company's consolidated subsidiaries corresponds to the consolidated closing date (March 31) except for Anpanman Children's Museum, NTV America Company, and NTV International Corporation.

The closing date of Anpanman Children's Museum, NTV America Company, and NTV International Corporation, is December 31. In preparing the consolidated financial statements, the financial statements as of the respective closing dates are used for these companies with necessary adjustments provided for consolidation purposes with regard to material transactions between their closing dates and the consolidated closing date, as the difference in the closing date of these companies with the consolidated closing date is within three (3) months.

(4) Summary of Significant Accounting Policies

1) Valuation Basis and Method for Important Assets

Marketable securities and investment securities:

Held-to-maturity debt securities:

Held-to-maturity debt securities are stated at amortized cost (determined by the straight-line method).

Other securities:

Available-for-sale securities, classified as other securities for which the market value is readily determinable, are carried at fair value with any changes in unrealized holding gain or loss, net of the

applicable income taxes, included directly in net assets. Cost of securities sold is determined based on the moving-average method.

Available-for-sale securities, classified as other securities for which the market value is not readily determinable, are carried at cost determined by the moving-average method. As for investments in limited-liability investment partnerships and other similar partnerships (which are deemed as securities under Article 2, Paragraph 2, of the Securities and Exchange Law), net amounts corresponding to the Company's equity are included in this category based on the statements for settlement of accounts stipulated in the partnership agreements.

Inventories:

Cost method based primarily on first-in first-out basis. (Figures stated on the balance sheet are calculated in the write-down method based on decrease in profitability.)

Program rights:

Program rights are carried at cost, determined by the specific identification method. (The amount reported on the balance sheet is calculated by writing down the book value based on declining profitability.)

2) Depreciation Method of Important Depreciable Assets

Property and equipment: (Excluding leased assets)

Note that the straight-line method is applied to buildings (excluding building improvements) acquired on or after April 1, 2000, and to building improvements and structures acquired on or after April 1, 2016.

The range of useful lives of major property and equipment is 3–50 years for buildings and structures, 2–15 years for machinery, vehicles and 2–20 years for tools, furniture and fixtures.

Intangible assets: (Excluding leased assets)

The amortization of intangible assets is computed by the straight-line method. Computer software for internal use is amortized by the straight-line method over the period it is expected to be usable (five years).

Trademarks and customer-related assets are also amortized by the straight-line method, the former for 16 years and the latter for 8 to 16 years.

Leased assets

The lease period of leased assets is deemed to be the useful life, and such assets are amortized by the straight-line method with a salvage value of zero.

3) Accounting for Important Reserves

Allowance for doubtful accounts

The allowance for doubtful accounts is provided at an amount of possible losses from uncollectible loans and receivables based on the actual rate of losses from the bad debt for ordinary receivables, and on the estimated recoverability for specific doubtful receivables.

Allowance for sales returns

The allowance for sales returns is provided at 100% of the amount that is allowed by the Corporation Tax Law to prepare for possible losses from returns of packaged media such as music and video.

4) Accounting for Retirement Benefits

a. Method for attributing estimated retirement benefits to the period
To calculate the estimated benefit obligations, the benefit calculation formula method is applied to attribute the estimated retirement benefits to the period until the end of the fiscal year under review.

b. Recognition of actuarial difference
Variance in actuarial gain or loss is expensed in the fiscal year of accrual.

c. Accounting for Past Service Cost
Past service cost is expensed in the fiscal year of accrual. In the fiscal year under review, no past service cost was accrued.

d. Use of a Simplified Method for Small Companies Etc.
Some consolidated subsidiaries use a simplified method for calculating retirement benefit obligations and retirement benefit expenses. Under this method, the amount that the Company must pay for retirement benefits at the end of the fiscal year is deemed to be the retirement benefit obligation.

[Translation for Reference and Convenience Purposes Only]

5) Translation of Important Assets and Liabilities Denominated in Foreign Currencies into Yen

Monetary receivables and payables denominated in foreign currencies are translated into yen at the spot rate of foreign exchange in effect on the consolidated balance sheet date. The resulting differences are charged or credited to income.

The assets and liabilities, as well as revenue and expense accounts, of consolidated overseas subsidiaries are translated into yen at the spot rate of foreign exchange in effect on the consolidated balance sheet date. The resulting translation exchange differences have been presented as "Foreign currency translation adjustments" in Net Assets.

6) Amortization of the Goodwill and the Negative Goodwill

The amount corresponding to the goodwill and the negative goodwill is evenly amortized on a straight-line basis over a period within 20 years, depending on the cause for accrual. If the amount is small, however, it is amortized at one time.

7) Accounting for Consumption Taxes

Transactions subject to the consumption tax and the local consumption tax are recorded at amounts exclusive of the consumption tax.

8) Changes in Accounting Policies

(Application of Practical Solution on a change in depreciation method due to Tax Reform 2016)

In conjunction with the revision to the Corporation Tax Act, the Practical Solution on a change in depreciation method due to Tax Reform 2016 (Practical Issues Task Force (PITF) No. 32, June 17, 2016) has been applied to the fiscal year under review, thereby changing the depreciation method for facilities adjacent to buildings and for structures which were acquired on or after April 1, 2016, from the declining-balance method to the straight-line method.

This change has minimal impact on earnings performance.

9) Additional Information

(Application of Implementation Guidance on Recoverability of Deferred Tax Assets)

The Implementation Guidance on Recoverability of Deferred Tax Assets (Accounting Standards Implementation Guidance No. 26, March 28, 2016) has been applied from the beginning of the fiscal year under review.

[Translation for Reference and Convenience Purposes Only]

2. Notes to the Consolidated Balance Sheet

(1) Itemization of Inventories

Merchandise and products	¥2,116 million
Partly-finished goods	¥625 million
Materials and supplies	¥1,066 million

(2) Accumulated Depreciation for Property and Equipment: ¥163,991 million

Accumulated depreciation above includes accumulated impairment loss

(3) Investments in Non-consolidated Subsidiaries and Affiliates

Investment securities (shares)	¥54,988 million
Other investments and other assets	¥11,533 million

(Of the above, investments in companies that the Company co-owns with another company: ¥5,426 million)

(4) Assets Pledged as Collateral

Assets pledged as collateral	
Land	¥101,031 million
Liabilities for guarantee	
Long-term guarantee deposits received	¥19,000 million

(5) Liabilities on Guarantees

The Company guarantees borrowings made for leasing contracts by unions of a non-consolidated subsidiary and employee borrowings from a financial institution as follows:

Joint liability guarantee for building lease for	
Kobe Anpanman Children's Museum & Mall	¥2,521 million
Employees' loans from banks to finance housing	¥91 million

3. Notes to the Consolidated Statements of Changes in Net Assets

(1) Matters Related to the Total Number of Shares of Common Stock Issued by the Company

(Thousand shares)

Type of Shares	The Number of Shares as of April 1, 2016	Increase from a Year Earlier	Decrease from a Year Earlier	The Number of Shares as of March 31, 2017
Common stock	263,822	—	—	263,822

(2) Matters Related to the Number of Shares of Treasury Stock

(Thousand shares)

Type of Shares	The Number of Shares as of April 1, 2016	Increase from a Year Earlier	Decrease from a Year Earlier	The Number of Shares as of March 31, 2017
Common stock	10,126	44	—	10,171

Note: The 44,000-share increase in treasury stock is the total increase from the purchase of shares comprising less than one trading unit, treasury stock acquired by equity-method affiliates, and increases in treasury stock resulting from changes in the equity interests held in equity-method affiliates.

(3) Matters Related to Dividends

1) Amounts of Dividends Paid, etc.

a) Matters related to dividends determined by the 83rd Ordinary General Meeting of Shareholders held on June 29, 2016.

* Type of shares: Common stock
* Aggregate amount of dividends: ¥6,145 million
* Dividend per share: ¥24
* Reference dates: March 31, 2016
* Effective date: June 30, 2016

b) Matters related to dividends determined by the Board of Directors at a meeting held on November 10, 2016.

* Type of shares: Common stock
* Aggregate amount of dividends: ¥2,532 million

* Dividend per share:	¥10
* Reference dates:	September 30, 2016
* Effective date:	December 1, 2016

2) Of the Dividend Reference Dates That are Within the Year under Review, Those Effective Dates Which Fall in the Following Consolidated Fiscal Year

a) The Company will propose the following as an agenda item for the 84th Ordinary General Meeting of Shareholders to be held on June 29, 2017.

* Type of shares:	Common stock
* Aggregate amount of dividends:	¥6,036 million
* Underlying asset for dividends:	Retained Earnings
* Dividend per share:	¥24
* Reference dates:	March 31, 2017

4. Notes on Financial Instruments

(1) Matters Related to Financial Instruments

1) Policy for Financial Instruments

The Nippon TV Group manages funds with highest priority on appropriate and safe management of marketable securities and other financial instruments. The Group primarily procures funds from retained earnings. As a general rule, the Group has a policy not to engage in derivative transactions. However, some of the Group's affiliated companies of equity-method affiliates use forward exchange contracts to hedge exchange-rate risk relating to transactions denominated in foreign currencies. Furthermore, if derivatives are included in compound financial products, their risk level must not impact the original principal of the financial assets employed.

2) Financial instrument details and related risks

Trade notes and accounts receivable, and long-term loans receivable to companies with which we have business relationships are exposed to credit risk.

Marketable and investment securities are exposed to risks associated with market price fluctuations.

Almost all trade notes and accounts payable, accrued expenses and short-term borrowings have payment deadlines of within one year. Note that trade payable is exposed to risk of foreign exchange fluctuations and liquidity risk.

Lease obligations and long-term guarantee deposits received are exposed to liquidity risks.

3) Risk Management Systems for Financial Instruments

a. Management of credit risk (risk of business partners defaulting on contracts)
We management the due dates and balances for trade notes and long-term loans receivable by each company. Also, bonds have minimal credit risk as we investment in bonds with high credit ratings.

b. Management of market risk (risk from price and other fluctuations)
Regarding marketable and investment securities, we regularly monitor the fair value and the issuer's financial condition (business partner). We constantly review our shareholdings taking into account market trends and our relationship with business partners.

c. Management of liquidity risk for fund procurement (risk of failure to execute payment on due date)
We create and update cash flow plans in a timely manner. In addition, we manage liquidity risk, including maintaining liquidity on hand.

4) Supplementary explanations on matters related to fair values of financial instruments

The fair value of financial instruments is based on their respective market price or, if no market prices are available, a reasonably estimated value. These estimated values incorporate variable factors, and therefore they may vary according to differently employed assumptions, etc.

5) Concentration of credit risk

Of the total trade notes and accounts payable as of the consolidated closing date for the fiscal year under review, the top two companies account for 73.7%.

(2) Matters Related to Fair Values of Financial Instruments

Amounts reported on the consolidated balance sheet, fair values and the difference between the two amounts as of March 31, 2017 are as follows.

(Millions of yen)

	Consolidated Balance Sheet Amount reported	Fair value	Difference
(1) Cash and time deposits	47,335	47,335	—
(2) Trade notes and accounts receivable	98,574	98,574	—
(3) Marketable securities and investment securities			
1) Held-to-maturity debt securities	143,015	143,007	(8)
2) Stocks in affiliated companies	2,190	2,562	372
3) Other securities	142,475	142,475	—
(4) Long-term deposits	4,655		
Allowance for doubtful accounts (*)	(756)		
	3,899	3,960	60
Total Assets	437,490	437,915	424
(5) Trade notes and accounts payable	8,510	8,510	—
(6) Short-term borrowings	7,171	7,171	—
(7) Accrued expenses	55,421	55,421	—
(8) Leased obligations	17,084	18,294	1,210
(9) Long-term guarantee deposits received	20,225	17,111	(3,114)
Total Liabilities	108,414	106,510	(1,903)

*The allowance for doubtful accounts presented separately in long-term loans receivable is deducted.

Notes: 1. Methods used to calculate fair values of financial instruments

(1) Cash and time deposits, (2) Trade notes and accounts receivable

These are settled short-term, so fair values are nearly equivalent to book values.

(3) Marketable securities and investment securities

Fair values of stock use exchange prices. Bonds use exchange prices or prices disclosed by the transacting financial institution, etc. Of beneficiary certificates of investment trusts, those with similar attributes as deposits are settled short-term, so fair values are nearly equivalent to book values.

(4) Long-Term Loans Receivable

Long-term loans receivable with variable interest rates, which reflect short-term market interest rates, are presented at book value unless the borrower's creditworthiness changes significantly after the provision of the loan because the fair value of the loan is similar to its book value. Regarding long-term loans receivable with fixed interest rates, fair value is calculated by discounting the sum of principal and interest using an interest rate that would be applied to a new loan made on similar terms. However, for doubtful accounts receivable, the amount of such accounts on the balance sheet on the closing date less the current estimate for defaults is similar to its fair value, so this amount is deemed to be its fair value. Note that the amount of long-term loans receivable due within one year is included.

(5) Trade notes and accounts payable, (6) Short-term borrowings, (7) Accrued expenses

These are settled short-term, so fair values are nearly equivalent to book values. For this reason book values are used. Accrued expenses include obligations that do not qualify as monetary obligations.

(8) Lease obligations, (9) Long-term guarantee deposits received

Fair value is calculated by discounting using an interest rate that would be applied if the principal and principal and interest were newly procured. Note that the amount of lease obligations due within one year is included. This is recorded on the consolidated balance sheet by the amount before deducting the amount equivalent to interest. The amount recorded on the consolidated financial statements is stated in the fair value column.

2. Financial instruments for which fair values are deemed exceedingly difficult to ascertain

Regarding stocks in non-consolidated subsidiaries and affiliates (¥52,798 million reported on consolidated balance sheet), unlisted stock (¥10,593 million reported on consolidated balance sheet), and investment in limited-liability investment partnerships and other similar partnerships (¥1,586 million reported on consolidated balance sheet), fair values are deemed to be exceedingly difficult to

ascertain due to the lack of market prices and the fact that future cash flows cannot be estimated. For this reason they are not included in (3) Marketable securities and investment securities.

5. Notes on Rental Property

(1) Matters Related to Rental Property

The company has land for rental in the Shiodome district of Tokyo's Minato-ku and office buildings, etc. (including land) for rental in the Kojimachi district of Tokyo's Chiyoda-ku.

(2) Matters Related to Fair Value of Rental Property

Amount reported on consolidated balance sheet	Fair value
¥84,607 million	¥91,406 million

Notes: 1. Amounts reported on the consolidated balance sheet are acquisition costs net of cumulative depreciation.

2. Fair values at the end of the consolidated fiscal year under review for major properties are amounts based on property appraisals made by licensed independent appraisers (including those adjusted using indicators, etc.) and for other properties are amounts, etc. based on indicators thought to appropriately reflect market prices.

6. Notes on the Per-Share Information

(1) Net Assets per Share ¥2,533.88

(2) Profit per Share ¥160.78

7. Notes on Subsequent Events

None applicable

[Translation for Reference and Convenience Purposes Only]

Notes to the Non-Consolidated Financial Statements

1. Matters Related to Significant Accounting Policies

(1) Valuation Basis and Method for securities

Held-to-maturity debt securities:

Stated at amortized cost (straight-line method)

Stocks of subsidiaries:

Stated at cost determined by the moving-average method

Other securities:

Available-for-sale securities, classified as other securities for which the market value is readily determinable, are carried at fair value with any changes in unrealized holding gain or loss, net of the applicable income taxes, included directly in net assets. Cost of securities sold is determined based on the moving-average method.

(2) Transactions Subject to the Consumption Tax and the Local Consumption Tax

Transactions subject to the consumption tax and the local consumption tax are recorded at amounts exclusive of the consumption tax.

(3) Additional Information

(Application of Implementation Guidance on Recoverability of Deferred Tax Assets)

The Implementation Guidance on Recoverability of Deferred Tax Assets (Accounting Standards Implementation Guidance No. 26, March 28, 2016) has been applied from the beginning of the fiscal year under review.

2. Notes to the Non-Consolidated Balance Sheet

(1) Assets Pledged as Collateral

Assets pledged as collateral	
Land	¥101,031 million
Liabilities for guarantee	
Long-term guarantee deposits received	¥19,000 million

(2) Obligations of Guarantee

We have made the following obligations of guarantee:

Joint guarantee to fulfill obligations under building lease contracts concluded by TIPNESS Limited ¥595 million

(3) Monetary Receivables/payables due from/to Subsidiaries and Affiliates without a Displayed Category:

1) Short-term monetary receivables	¥1,302 million
2) Short-term monetary payables	¥115,282 million

3. Notes to the Non-Consolidated Statement of Income

Transactions with Subsidiaries and Affiliates

1) Operating Revenue	¥6,890 million
2) Operating Expenses	¥216 million
3) Transactions Other than Operating Transactions	¥242 million

4. Notes to the Non-Consolidated Statements of Changes in Net Assets

Matters related to the Number of Shares of Treasury Stock

(Thousand shares)

Type of Shares	Number of Shares as of April 1, 2016	Increase from a Year Earlier	Decrease from a Year Earlier	Number of Shares as of March 31, 2017
Common stock	5,990	0	—	5,991

Note: The increase of 0 thousand shares in the number of common stock treasury shares is due to the purchases of less than one unit shares.

5. Notes on Tax-Effect Accounting

Breakdown by Cause of Deferred Tax assets and Liabilities

(Millions of yen)

1) Current	
Deferred tax assets	
Accrued enterprise taxes	49
Total deferred tax assets	49
2) Non-current	
Deferred tax assets	
Stocks of subsidiaries and affiliates associated with company reorganization	4,013
Valuation difference on available-for-sale securities	20
Other	42
Sub-total of deferred tax assets	4,077
Valuation allowance	(42)
Total deferred tax assets	4,034
Deferred tax liabilities	
Reserve for advanced depreciation of fixed assets	4,240
Total deferred tax liabilities	4,240
Net deferred tax liabilities	205

[Translation for Reference and Convenience Purposes Only]

6. Notes on Transactions with Non-Consolidated Subsidiaries and Affiliates

Subsidiaries, etc.

Attributes	Name of company, etc.	Percentage (%) of ownership by voting rights	Related party relationships	Details of transactions	Transaction amount (Millions of yen)	Account item	End-of-term balance (Millions of yen)
Subsidiary	Nippon Television Network Corporation	Ownership Direct 100.0	Lease of real estate Business management, Loan business Concurrently held positions by directors	Income from real estate rental and leasing	3,120	Trade accounts receivable	398
				Income from business management	1,211		
				Borrowing of funds through cash management service	39,500	Short-term borrowings	57,732
				Interest expense	91	-	-
Subsidiary	BS Nippon Corporation	Ownership Direct 100.0	Business management, Loan business Concurrently held positions by directors	Borrowing of funds through cash management service	13,644	Short-term borrowings	13,706
				Interest expense	32	-	-
Subsidiary	AX-ON Inc	Ownership Direct 100.0	Business management, Loan business Concurrently held positions by directors	Borrowing of funds through cash management service	4,986	Short-term borrowings	5,707
				Interest expense	11	-	-
Subsidiary	VAP Inc.	Ownership Direct 51.0 Indirect 2.0	Business management, Loan business Concurrently held positions by directors	Borrowing of funds through cash management service	14,743	Short-term borrowings	15,303
				Interest expense	34	-	-
Subsidiary	NTV IT Produce Corporation	Ownership Indirect 80.0	Business management, Loan business	Loaning of funds through cash management service	6,713	Long-term loans receivable from subsidiaries and associates	7,389
				Interest income	14	-	-

Notes: Transaction conditions and policies on transaction conditions, etc.

1. The rental charges for real estate are decided in consideration of general rents, etc. in the surrounding area.
2. Business management revenue is determined taking into account business details.
3. Amounts of borrowed funds and loanable funds are average balances for the term.
4. Borrowing rates and loaning rates are determined taking market interest rates into account.
5. The amounts shown above, the transaction amount is exclusive of the consumption tax, etc., whereas the end-of-term balance is inclusive of the consumption tax, etc.

7. Notes on Per-Share Information

(1) Net Assets per Share ¥1,493.64

(2) Profit per Share ¥13.61

8. Notes on Subsequent Events

None applicable
