Financial Partners Group Co., Ltd.

Announcement of "HondaJet Elite II" Introduction by Only You Air Co., Ltd.

Financial Partners Group Co., Ltd. (FPG) is pleased to announce that its wholly-owned subsidiary, Only You Air Co., Ltd. (hereinafter referred to as "OYA"), has introduced the latest private jet "HondaJet Elite II".

OYA had previously introduced the "HondaJet Elite S" (hereinafter referred to as "Elite S") in December 2023. Now, with the addition of features such as expanded fuel tanks and ground spoilers, the newly introduced "HondaJet Elite II" (hereinafter referred to as "Elite II") offers extended range and enhanced takeoff and landing performance compared to the Elite S. With this introduction, OYA has commenced service with a two-aircraft fleet[*1].

Notably, the Elite II is the first of its kind to be introduced in Japan by OYA[*2], attracting significant attention from aviation enthusiasts.

FPG and OYA are committed to providing meticulous and high-value-added services through our private jet business, targeting small and medium-sized enterprises nationwide as well as affluent individuals both domestically and internationally. We aim to pursue OYA's unique offering of "a more comfortable and freer sky journey," contributing to the further growth of FPG Group.
