Notice of Preparation of the Integrated Report 2024 (English Edition)

We have prepared an English edition of our integrated report in order to provide a wider range of stakeholders with a better understanding of our company.

In addition to the value creation process, a message from the President, future business strategies, and ESG information, the Integrated Report 2024 (English Edition) published at this time presents the contents of the Medium-Term Management Plan (FY2025/8-FY2029/8) announced in November 2024 in a comprehensible manner.

With the purpose of "to be a company that supports everyday living by providing consumer electronics with a view toward the creation of a bright and happy future full of smiles," and as an electronics product retailer with stores situated close to where our customers live, we will strive for sustained growth by contributing to the local community, the environment, and society.

The Integrated Report 2024 (English Edition) is available at the following website.
