Japan Lifeline Updates Investors Guide

Japan Lifeline Co., Ltd. (“Japan Lifeline”) today announced the publication of its "Investor Guide (June 2025)" on the company website.

Japan Lifeline, as a medical device company with distinctive technologies and products, aims to provide investors with decision-useful information through clear explanations of its business operations and growth strategies. The guide offers a systematic overview, supported by charts and figures, of the company’s business model, market environment, competitive advantages, and growth initiatives.

Japan Lifeline considers the Investor Guide to be one of its most valuable tools for providing up-to-date information to investors. The company plans to update the guide semi-annually, with the next update scheduled for around December 2025.

The Investor Guide is available at: https://www.japanlifeline.com/investors/library/investors_guide.html

The company remains committed to enhancing its disclosure practices and promoting constructive dialogue with investors.
