Create Value, Build the Future
TOA CORPORATION

Company name: TOA CORPORATION
(Securities code: 1885; TSE Prime Market and SSE)

TOA CORPORATION Published “Integrated Report 2026”

TOA CORPORATION (Head Office: Shinjuku-ku, Tokyo; President and Representative Director: Takeshi Hayakawa) has published English version of “Integrated Report 2026” on its website. Reflecting the founder's spirit of "benefiting society," the report presents our “Value Co-Creation Story” toward a sustainable future from both financial and pre-financial* perspectives.

The report outlines our Long-Term Vision <TOA2035> and Medium-Term Management Plan <2026–2028> as the framework for realizing our “Value Co-Creation Story.” It also aims to provide a clear and systematic overview of our current initiatives, together with the background and rationale behind them. Readers can also access a wide range of our disclosures via links provided throughout the report.

We will continue to actively engage in dialogue with our stakeholders, including customers, business partners, employees, local communities, shareholders and investors, with the aim of enhancing corporate value and creating value for society.

* In the report, we use the term “pre-financial” to describe environmental, social, and governance initiatives, viewing them as factors that will contribute to future corporate value.
