Notice Regarding Execution of Basic Agreement for Capital and Business Alliance with HIKARI TSUSHIN, INC.

Remixpoint, inc. (the "Company") hereby announces that its Board of Directors, at a meeting held on August 14, 2026, resolved to engage in discussions with HIKARI TSUSHIN, INC. (hereinafter "HIKARI TSUSHIN") to implement a business alliance regarding the high-voltage and low-voltage customer battery storage business and the high-voltage and low-voltage grid-scale battery storage business (hereinafter the "Business Alliance"). Furthermore, the Board resolved to proceed with discussions toward a capital alliance whereby HIKARI TSUSHIN will acquire share acquisition rights to be issued by the Company (hereinafter the "Capital Alliance"). Concurrently, the Company executed a basic agreement on the capital and business alliance (hereinafter the "Basic Agreement") with HIKARI TSUSHIN on the same date. The details are as follows.

1. Reason for the business alliance

The Company Group is developing its electric power retail business, grid-scale battery storage business, procurement of FIP power sources, and customer battery storage business, while promoting a transition toward an energy platform business with EMS (Energy Management System) as its core technology. In Japan, against the backdrop of the expanded introduction of renewable energy, the promotion of GX (Green Transformation), and the development of institutional frameworks such as the supply and demand adjustment market, the markets for high-voltage and low-voltage customer battery storage and grid-scale battery storage are expected to continue experiencing medium- to long-term growth. Meanwhile, the Company recognizes that to establish a sustainable competitive advantage in the battery storage business, it is vital to build a business foundation that comprehensively provides not only the sale of battery storage equipment but also project development, financing, design, installation, EMS, remote monitoring, O&M (operation and maintenance), market operations, and aggregation.

The HIKARI TSUSHIN Group possesses a nationwide corporate customer base and sales network, as well as financial and financing support functions, along with business development and operational know-how cultivated in energy-related businesses.

Through the Business Alliance, by integrating the Company Group's capabilities in design, installation, EMS, SI (System Integration), O&M, market operations, and aggregation for the battery storage business with the HIKARI TSUSHIN Group's sales foundation, customer network, financial and financing support functions, and business development capabilities, the Company intends to roll out the high-voltage and low-voltage customer battery storage and grid-scale battery storage businesses on a nationwide scale. Furthermore, by comprehensively

promoting not only the sale but also the holding and operation of battery storage, the Company aims to expand its recurring revenue base and enhance corporate value over the medium to long term.

2. Details of the business alliance

The specific details envisioned for the Business Alliance are as follows:

(1) Collaboration in the high-voltage and low-voltage customer battery storage business

Leveraging the Company Group's capabilities in the design, installation, EMS, SI, and O&M of battery storage systems, alongside the HIKARI TSUSHIN Group's sales foundation and corporate customer network, the companies will capitalize on their respective strengths to expand sales opportunities and promote the sale and installation of high-voltage and low-voltage customer battery storage.

(2) Collaboration in the high-voltage and low-voltage grid-scale battery storage business

For the grid-scale battery storage business promoted by the Company Group, the companies will jointly advance project development, equipment installation, financing, post-operation O&M, market operations, and aggregation, while also pursuing an expansion in business scale with an eye toward joint ownership.

(3) Building a one-stop service

By combining the Company Group's capabilities in EMS, SI, design, construction, O&M, and market operations with the HIKARI TSUSHIN Group's sales foundation, customer network, financial and financing support functions, and business development capabilities, the companies will comprehensively provide services encompassing planning, project development, financing, design, construction, EMS, operations, market trading, and O&M. Through this, they aim to expedite project origination, optimize installation costs, and maximize operational revenue.

(4) Promotion of the energy platform business

Through the integrated operation of high-voltage and low-voltage customer battery storage and grid-scale battery storage, the companies will promote the integrated management of distributed energy resources. In the future, they aim to create multiple revenue opportunities utilizing VPPs (Virtual Power Plants), supply and demand adjustment markets, capacity markets, and other mechanisms, while building a next-generation energy platform business.

3. Details of the capital alliance

Based on the Basic Agreement, the Company will proceed with considerations regarding the Capital Alliance, whereby the Company will issue share acquisition rights to HIKARI TSUSHIN, and HIKARI TSUSHIN will subscribe to them. The specific methods and details of the Capital Alliance are scheduled to be determined through discussions between the two companies and have not been finalized at this time. If any matters regarding the Capital Alliance arise that require disclosure, the Company will promptly disclose them as soon as they are determined.

4. Overview of the counterparty to the capital and business alliance (As of March 31, 2026)

(1) Name	HIKARI TSUSHIN, INC.
(2) Location	1-4-10 Nishi-Ikebukuro, Toshima-ku, Tokyo
(3) Title and name of representative	Hideaki Wada, President and COO
(4) Description of business	Electricity and gas business, telecommunications business, beverage business, insurance business, financial business, solution business, and agency sales business
(5) Share capital	54,259 million yen (As of March 31, 2026)

(6) Date of establishment	February 5, 1988	
(7) Major shareholders and shareholding ratio	Hikari Power Ltd.	29.06%
	The Nomura Trust and Banking Co., Ltd. (Trust Account 2052286)	10.27%
	Kagoshima East India Inc.	7.53%
	The Master Trust Bank of Japan, Ltd. (Trust Account)	5.99%
	Hikari Power Honke LLC	5.37%
	Custody Bank of Japan, Ltd. (Trust Account)	2.94%
	Yasumitsu Shigeta	2.73%
	Takeshi Tamamura	2.43%
	THE CHASE MANHATTAN BANK N. A. LONDONSECS LENDING OMNIBUS ACCOUNT (Standing Proxy: Mizuho Bank, Ltd.)	2.17%
	STATE STREET BANK AND TRUST COMPANY 505001 (Standing Proxy: Mizuho Bank, Ltd.)	1.38%
(8) Relationship between the listed company and the said company	Capital relationship	None
	Personnel relationship	None
	Business relationship	None
	Status as a related party	None

(9) Operating results and financial position of the said company for the last three years

Fiscal year	FYE March 2024	FYE March 2025	FYE March 2026
Equity attributable to owners of the parent	790,478 million yen	914,768 million yen	1,185,668 million yen
Total consolidated assets	2,078,956 million yen	2,371,026 million yen	2,853,866 million yen
Equity attributable to owners of the parent per share	17,906.68 yen	20,845.16 yen	27,056.17 yen
Consolidated revenue	601,948 million yen	686,553 million yen	734,791 million yen
Consolidated operating profit	94,546 million yen	105,036 million yen	116,664 million yen
Profit before tax	168,000 million yen	150,718 million yen	199,081 million yen
Profit attributable to owners of the parent	122,225 million yen	117,523 million yen	151,014 million yen
Consolidated net income per share	2,753.52 yen	2,671.18 yen	3,440.12 yen
Dividend per share	638.00 yen	661.00 yen	751.00 yen

(Note) Since the said company applies International Financial Reporting Standards (IFRS), the figures for "Equity attributable to owners of the parent," "Total consolidated assets," "Profit before tax," and "Profit attributable to owners of the parent" are presented as the equivalents to "Net assets," "Total assets," "Ordinary profit," and "Profit" under Japanese GAAP, respectively.

5. Schedule

(1) Date of Board of Directors' resolution	August 14, 2026
(2) Execution date of the Basic Agreement regarding the capital and business alliance	August 14, 2026

6. Future outlook

Through the Business Alliance, the Company Group will accelerate the building of an energy platform that integrates the sale, holding, and operation of high-voltage and low-voltage customer battery storage and grid-scale battery storage. By integrating the Company Group's capabilities in EMS, SI, O&M, and market operations with the HIKARI TSUSHIN Group's sales foundation, customer network, financial and financing support functions, and business development capabilities, both companies aim to build a medium- to long-term recurring revenue base by comprehensively promoting the sale, holding, and operation within the battery storage business. The Business Alliance is not merely a sales partnership; by combining the sales capabilities, technological expertise, financing support functions, and operational know-how of both companies, it aims to construct an end-to-end value chain in the battery storage business, thereby enhancing medium- to long-term competitive advantage and corporate value.

Although the impact of the Business Alliance on the Company's consolidated financial results for the fiscal year ending March 31, 2027, is expected to be minor, the Company believes that, over the medium to long term, advancing the expansion of the business scale and building a recurring revenue base through the Business Alliance will contribute to strengthening the Company Group's earnings base and enhancing its corporate value.

If any matters require disclosure in the future, the Company will promptly disclose them as soon as the details are finalized.
