Crypto Asset "OSHI" To Be Listed on Overseas Crypto Asset Exchange "Biconomy"

gumi Inc. (hereinafter "gumi") announces that it has been decided that Oshi Token (hereinafter "OSHI"), the crypto asset issued by BOBG PTE. LTD. (hereinafter "BOBG"), will be listed on Biconomy.com (hereinafter "Biconomy"), a leading global crypto asset exchange (scheduled listing date: June 30, 2026).

Through its "OSHI3" project, which is being promoted under gumi's Neo-Crypto Business, gumi aims to enhance the value and liquidity of OSHI and expand its ecosystem. gumi believes that the expanded opportunities to acquire and trade OSHI resulting from this listing will further increase market liquidity and contribute to improved usability.

In addition to the existing crypto asset exchanges on which OSHI is already listed (BITPOINT, Gate.io, MEXC, and BTSE) and decentralized exchanges, OSHI will now also be available for trading on Biconomy. gumi believes that continued trading across multiple crypto asset exchanges will contribute to more stable and sound price formation and support the stable value of OSHI.

gumi aims to achieve both new entertainment experiences and the creation of asset value through blockchain technology. Going forward, gumi will actively pursue initiatives that contribute to the enhancement of OSHI's value and accelerate its business development in the blockchain domain, where gumi has a competitive advantage.
