Issuance of Stock Acquisition Rights as Stock Options

SoftBank Group Corp. ("SBG") announces that on May 21, 2018 its Board of Directors passed resolutions to submit the following proposals to the 38th Annual General Meeting of Shareholders to be held on June 20, 2018. The proposals include issuance of the stock acquisition rights to grant as stock options, with particularly favorable conditions, to directors, corporate officers and other employees of SBG, and directors, corporate officers and other employees of major subsidiaries of SBG, and delegation of authority to determine the subscriptions requirements to the stock acquisition rights to SBG's Board of Directors.

1. Reasons for the necessity of soliciting subscribers for the stock acquisition rights with particularly favorable conditions

SBG proposes to issue the stock acquisition rights as stock options without compensation by linking the business results of SBG and the SoftBank Group with the benefits received by directors and employees of the Group. The purposes are to improve the business results of the Group by incentivizing those persons to be allotted the rights and to align the interest of those persons with that of SBG's shareholders to the extent possible.

2. Outline of the issuance of the stock acquisition rights

(1) Maximum number of stock acquisition rights

30,000 shall be the maximum number of stock acquisition rights.

3,000,000 shares of common stock shall be the maximum number of shares to be allotted upon exercise of stock acquisition rights. If the Number of Shares to be Allotted (as defined below) is adjusted in accordance with 1) of (3), the number is limited to the amount obtained by multiplying the Number of Shares to be Allotted after adjustment, by the maximum number of stock acquisition rights above.

(2) No payment shall be required upon the issuance of stock acquisition rights.

(3) Features of stock acquisition rights for which the subscription requirements of the stock acquisition rights may be determined under such delegation

1) Class and number of shares to be issued or transferred upon exercise of the Stock Acquisition Rights

The class of shares to be issued or transferred upon exercise of the Stock Acquisition Rights shall be common stock of SBG. One hundred shares (the "Number of Shares to be Allotted") will be issued or transferred upon exercise of each of the Stock Acquisition Rights. The total number of shares to be issued or transferred upon exercise of total of the Stock Acquisition

Rights is initially limited to 3,000,000.

Provided, however, that in the event SBG conducts, with respect to the shares of its common stock, a stock split or a consolidation of shares, the Number of Shares to be Allotted shall be adjusted using the following formula, and the maximum number of shares to be allotted upon exercise of Stock Acquisition Rights shall be adjusted accordingly. Such adjustment shall be made only to the Number of Shares to be Allotted for the Stock Acquisition Rights, which have not yet been exercised at the time of the adjustment. Any amount less than one share arising from the adjustment shall be rounded down.

$$\text{Number of Shares to be Allotted after adjustment} = \text{Number of Shares to be Allotted before adjustment} \times \text{Ratio of stock split or stock consolidation}$$

Other than the above, in the event it becomes necessary to adjust the Number of Shares to be Allotted for the Stock Acquisition Rights, it may be adjusted by SBG within the scope deemed reasonable. Such adjustment shall be made only to the Number of Shares to be Allotted for the Stock Acquisition Rights, which have not yet been exercised at the time of the adjustment. Any amount less than one share arising from the adjustment shall be rounded down.

2) Amount of assets to be contributed upon exercise of the Stock Acquisition Rights

The assets to be contributed upon exercise of the Stock Acquisition Rights shall be cash, and the amount of the assets to be contributed upon exercise of each of the Stock Acquisition Rights shall be an amount obtained by multiplying the price per share to be issued or transferred upon exercise of the Stock Acquisition Rights, which shall be one yen (the "Exercise Price"), by the Number of Shares to be Allotted defined in 1) above.

3) Period during which the Stock Acquisition Rights are exercisable

Period during which the Stock Acquisition Rights are exercisable ("the Exercise Period") shall be for 4 years counting from the date after 3 years from the first date of the month following the month to which the allotment date of the Stock Acquisition Rights belongs.

4) Matters concerning the capital and capital reserve to be increased

(ii) The amount of capital reserve to be increased due to the issuance of shares upon exercise of the Stock Acquisition Rights shall be the amount obtained by deducting the amount of capital to be increased set forth in (i) above, from the maximum
