Reference Documents for the General Meeting of Shareholders

Proposal 1: Appropriation of Surplus

Matters concerning year-end dividend

As for the distribution of profits, the Company's policy is to pay dividends by comprehensively considering the balance of "securing internal reserves as funds for capital investment aiming at enhancing corporate value over medium to long term" and "dividend policies as return to shareholders to respond to the shareholders' requirements," while maintaining sound cash flows and a stable financial structure.

Currently, with an aim for maximizing future revenue, the Company is further strengthening the logistics platform, in which the Company excels, through expanding the ratio of in-house delivery, while changing the direction of the management of its LOHACO business towards new growth with firm improvement in profitability by switching to e-commerce based on unique values. The B-to-B business aims for stable growth in both sales and profit by strengthening the Web growth strategy and expanding long-tail products.

For the fiscal year under review, profit attributable to owners of parent decreased due to posting of a one-time loss. However, future financial risk has been reduced by this recording. The Company expects a significant profit increase in the next fiscal year with profit improvement in the LOHACO business. Accordingly, the Company would like to propose the following as dividend for the fiscal year under review, continuing a stable dividend in line with the initial plan.

- (1) Type of property for dividend
Cash
- (2) Matters concerning allotment of dividend property to shareholders and the total amount of dividend
18 yen per share of common stock of the Company
Total amount: 918,427,788 yen
- (3) Effective date of distribution of surplus
August 5, 2019

Total dividend for the fiscal year under review will be 36 yen per share, with an interim dividend of 18 yen per share, which has already been paid.

Proposal 2: Election of 10 Directors

The terms of office of all 10 current Directors will expire at the conclusion of this General Meeting of Shareholders. Accordingly, the election of 10 Directors, including 5 Outside Directors, is proposed.
