CORE CONCEPT TECHNOLOGIES INC.

News Release

January 23, 2026

Core Concept Technologies Inc.

Securities code: 4371 (Growth Market of TSE)

Awarded “Grade A Website” in the Overall Category and “Grade AAA Website” in the Growth Market Category in Nikko Investor Relations’ “2025 Website Quality Ranking of All Listed Companies”

Core Concept Technologies Inc. (headquartered in Toshima City, Tokyo; Representative Director, President and CEO: Takeshi Kaneko; hereinafter referred to as “our Company”) is pleased to announce that our corporate website has been selected as **the “Grade A Website” in the Overall Category and as the “Grade AAA Website” in the Growth Market Category** in the “2025 Website Quality Ranking of All Listed Companies” conducted by Nikko Investor Relations Co., Ltd.

In 2025, our Company completely revamped our corporate website to improve the clarity of information, enhance usability, and enrich investor relations content. We believe this award reflects the high recognition of these efforts.

This ranking is aimed at assessing the level of information disclosure on the websites of listed companies and promoting greater awareness of corporate information disclosure. Evaluations are based on 168 criteria set across three perspectives: “clarity,” “usability,” and “amount of information.” New evaluation criteria were added for fiscal year 2025, including corporate philosophy and policies, information related to investor relations, and webpages for global customers.

For this year’s rankings, 525 companies were selected from all 3,937 listed companies in the overall category (201 Grade AAA Websites, 153 Grade AA Websites, and 171 Grade A Websites) and our website was selected as the “Grade A Website” in this category. We also received the “Grade AAA Website” in the Growth Market category, awarded to the top 10 companies.

Going forward, our Company will strive to further enhance our corporate website and ensure appropriate information disclosure in order to provide prompt and easy-to-understand information to all stakeholders, including shareholders and investors.
