# Notice of Upward Revision to Full-Year Earnings Forecasts and Recognition of Extraordinary Loss Related to Head Office Relocation

We hereby announce that, as a result of a detailed review in the final stages of the financial closing process for the consolidated fiscal year ended March 31, 2026, we expect to exceed the full-year consolidated earnings results previously announced on October 30, 2025. Accordingly, we have revised its earnings forecast as follows. In addition, the Board of Directors resolved at its meeting held today to finalize the relocation of the head office, we expect to record extraordinary losses and other expenses related to the relocation.

1. Revision of consolidated financial forecast

(1) Revision of the consolidated financial forecast figures for the current period (from April 1, 2025, to March 31, 2026).

| | Net Sales | EBITDA | Operating Profit(loss) | Ordinary Profit(loss) | Net income Attributable to owners of the parent | Net income Per share |
|---|---|---|---|---|---|---|
| | in millions of yen | in millions of yen | in millions of yen | in millions of yen | in millions of yen | yen |
| Previous forecasts(A) (Disclosed on October 30, 2025) | 8,800 | 1,300 | 400 | 250 | 350 | 23.15 |
| Revised forecasts(B) | 8,780 | 1,436 | 549 | 412 | 730 | 47.89 |
| Change (B − A) | (19) | 136 | 149 | 162 | 380 | 24.74 |
| Percentage change (%) | (0.2) | 10.5 | 37.4 | 65.1 | 108.6 | 106.9 |
| (Reference) Actual result (Fiscal year ended March 31, 2025) | 10,548 | (711) | (1,911) | (1,993) | (5,525) | (368.79) |

(2) Reason for the revision and Overview of Business Performance

In the previous earnings forecast announced on October 30, 2025, we revised the initial full-year forecast upward

to reflect only the upside performance in the first half while maintaining the original plan for the second half (October 1, 2025, to March 31, 2026). However, in the second half as well, both the Solutions business and the Media Business continued to deliver generally solid revenue performance, while efficiency improvement initiatives progressed more favorably than initially expected. As a result, we now expect each level of profit to exceed the initial forecasts, as was the case in the first half. Accordingly we have revised upward its previous forecasts for operating profit, consolidated ordinary profit, and profit attributable to owners of parent.

Net income attributable to owners of the parent reflects a reassessment of the recoverability of deferred tax assets. This reassessment was based improvements in earnings stability and growth potential driven by the business portfolio review conducted at the end of the previous consolidated fiscal year, enhanced monetization of existing business assets and the development of new businesses utilizing technologies including AI.

2. Recording of Extraordinary Loss, etc.

Based on the head office relocation policy announced in the Consolidated Financial Results for the Third Quarter of the Fiscal Year Ending March 31, 2026, disclosed on February 13, 2026, the Board of Directors resolved at its meeting held today to relocate the head office in August 2026. Consequently, in the fourth quarter of the consolidated fiscal year ended March 31, 2026, we recognize 31 million yen as an accelerated depreciation expense for fixed assets related to the current head office as operating expenses. Additionally, we record a provision of 123 million yen as an extraordinary loss for the restoration costs of the current office, overlapping rent expenses for the period of the new and existing offices, and other one-time relocation-related expenses. For further details, please refer to the "Notice Regarding Relocation of Head Office" announced today.
