# Notice Concerning Construction of a New Flavor and Fragrance Manufacturing Plant in Zhangjiagang, China

TAKASAGO INTERNATIONAL CORPORATION (the "Company") hereby announces that it has determined the outline of the plant construction plan and financing plan for its subsidiary in Zhangjiagang City, Jiangsu Province, China, the establishment of which was announced in the "Notice Concerning the Establishment of an Overseas Subsidiary (Specified Subsidiary)" dated March 3, 2025.

Although this matter does not fall under the timely disclosure requirements of the Tokyo Stock Exchange, the Company has decided to disclose it voluntarily as an important initiative related to the Takasago Group's medium- to long-term growth strategy and to provide information to investors.

1. Purpose of the Construction of the New Plant

The Takasago Group is expanding its business globally in accordance with Vision 2040 and its medium-term three-year management plan, with the aim of achieving sustainable growth and enhancing corporate value.
To meet growing demand in the Chinese market, the Company has decided to construct a new flavor and fragrance manufacturing plant at its subsidiary, Takasago International (Zhangjiagang) Co., Ltd.
Through the construction of the new plant, the Group will optimize its supply chain in China and establish a production system that ensures a sustainable supply of products, thereby enabling the Group to provide more attentive services to customers.

2. Outline of the Plant Construction Plan

| | | |
|---|---|---|
| (1) | Name | Takasago International (Zhangjiagang) Co., Ltd. |
| (2) | Location | South of Nanhai Road, Jiangsu Yangzijiang International Chemical Industrial Park, Zhangjiagang Free Trade Zone, Suzhou, Jiangsu Province, China |
| (3) | Site area | 66,607.67 m² |
| (4) | Planned investment amount | Approximately RMB 1 billion (approximately JPY 20 billion) |
| (5) | Scheduled commencement of operations | First half of 2029 (scheduled) |

3. Financing Plan

The total investment amount of approximately RMB 1 billion (approximately JPY 20 billion) is expected to be funded through capital contributions from the Company, borrowings from financial institutions, and other sources.
Capital expenditures related to the new plant are expected to be made in stages, mainly from 2027 onward, taking into account market conditions and the progress of the business plan.

4. Outlook

The subsidiary is scheduled to commence operations in the first half of 2029 or later, and the impact on the Company's consolidated financial results for the fiscal year ending March 31, 2027 is expected to be minor.
