Notice on Revision of Consolidated Financial Results Forecasts

MIMAKI ENGINEERING CO., LTD. (the "Company") announces that, in view of recent business performance trends, the following revision has been made to the consolidated financial results forecast published on November 11, 2025.

Details

1. Revision of results forecast

(1) Revision to consolidated financial forecast for fiscal year ended March 2026 (April 1, 2025 to March 31, 2026)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Basic earnings per share
Previous forecast (A)	Millions of yen 82,500	Millions of yen 8,500	Millions of yen 7,800	Millions of yen 5,500	Yen 190.10
Revised forecast (B)	83,700	9,400	8,900	6,700	231.57
Change (B-A)	1,200	900	1,100	1,200	
Change (%)	1.5	10.6	14.1	21.8	
(Reference) Results for previous fiscal year (Fiscal year ended March 31, 2025)	83,963	9,111	8,441	6,156	212.78

(2) Reason for revision

As for the full-year consolidated financial results, sales for both new and existing products for the SG market grew significantly in the fourth quarter (January to March 2026). In addition, for the TA market, there was an improvement in the year-on-year rate of decline in the direct-to-film (DTF) model, which has been facing intensified competition since the fiscal year under review, and sales of ink in each market were strong. Meanwhile, the weaker yen had a positive impact on foreign exchange rates. Consequently, net sales are expected to exceed the previous forecast. Profit is expected to reach a record high at all levels due to an increase in net sales, the contribution of foreign exchange rates, and an expected refund of income taxes paid by an overseas subsidiary for prior periods. As a result of the above, profit is expected to exceed the previous forecast, and we have revised both net sales and profit upward.
