Notice Regarding Our Subsidiary, MT Food Systems, Receiving the "Fast Enterprise Award" at the Asia Pacific Enterprise Awards 2026

UNISOL Holdings Corporation, hereinafter the “Company,” hereby announces that its subsidiary, MT Food Systems, has received the “Fast Enterprise Award” at the “Asia Pacific Enterprise Awards 2026,” hereinafter “APEA,” an international business awards program organized by the nongovernmental organization Enterprise Asia.

APEA is a regional award recognition program celebrating excellence in entrepreneurship. Guided by the mission to steer Asia toward sustainable economic and social growth, it annually honors enterprises and business leaders across 16 countries and regions throughout Asia for outstanding performance and visionary leadership.

On August 21, 2026, the award presentation ceremony was held in Bangkok, Thailand, where three companies, including MT Food Systems, were commended in the Fast Enterprise category. The “Fast Enterprise Award” is bestowed upon enterprises that have achieved remarkable and rapid growth (with annual revenue of USD 2 million or more) across key benchmarks, including revenue, market share, customer base, profitability, and brand recognition.

The organizer, Enterprise Asia, researches and tracks data on more than 100,000 companies across the Asian region annually, conducting nominations through proprietary market research as well as open public submissions. While over 100 enterprises and business leaders from Thailand are nominated each year across all award categories combined, only 2 to 3 companies are selected for the “Fast Enterprise Award.” It is an esteemed honor governed by exceptionally rigorous and competitive standards.

This award represents international recognition of MT Food Systems’ success in establishing a solid business foundation and achieving continuous, sustainable growth in the Thai market. The Company will continue to enhance synergies within the group, pursuing further business expansion in the global marketplace and maximizing corporate value.
