TS TECH to apply for approval to extend deadline for the submission of the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027)

TS TECH announces its decision made today that it will submit an application for approval to the Kanto Regional Finance Bureau to extend the deadline for submitting the semiannual securities report as specified in Article 18-2, Paragraph 1 of the Cabinet Office Order on Disclosure of Corporate Affairs, as outlined below.

Details

1. Subject semiannual securities report
Semiannual securities report (April 1–September 30, 2026) for the 81st fiscal period (year ending March 31, 2027)

2. Original deadline
November 16, 2026

3. Deadline if the extension is approved
February 15, 2027

4. Reasons for requiring an extension of the submission deadline
As announced in the October 30, 2026 News Release, “TS TECH announces establishment of internal investigative committee and postponement of announcement of financial results for the second quarter (first half) of the fiscal year ending March 31, 2027,” and the November 10, 2026 News Release, “TS TECH considering applying for approval to extend deadline for the submission of the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027),” TS TECH has established an internal investigative committee, whose membership includes outside experts, after having identified the need to confirm the accounting treatment of inventories and other matters at its consolidated subsidiary in the Americas, TST NA TRIM, LLC. While the internal investigative committee is currently conducting its investigation, the investigation is expected to take a considerable amount of

time to complete, and it will also be necessary, based on the results of the investigation, to prepare the condensed interim consolidated financial statements and related documents and for the accounting auditor to perform additional audit and review procedures. Accordingly, TS TECH cannot receive the interim review report from the accounting auditor by November 16, 2026, the statutory deadline for submitting the semiannual securities report. For these reasons, it decided to apply for approval of an extension of the deadline.

5. Future outlook

TS TECH will promptly make an announcement if the application is approved.

TS TECH wishes to express its sincere apologies for any concerns raised or inconvenience caused to shareholders, investors, and other stakeholders.
