Notice of Release of ESG DATA BOOK for the Fiscal Year Ended March 31, 2019

MARUI GROUP announces that it has released its ESG DATA BOOK for the fiscal year ended March 31, 2019, which contains detailed performance data pertaining to environmental, social, and governance (ESG) indicators.

MARUI GROUP is practicing co-creation sustainability management—a forward-looking management approach that merges business, environmental, social issue response, and governance initiatives in an integrated manner.

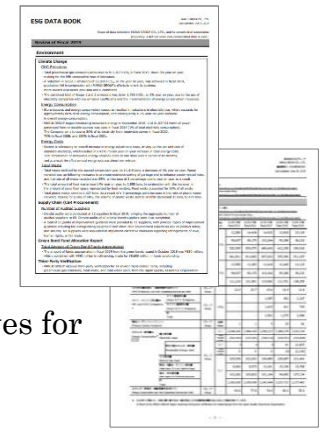

Based on its 2050 Vision and its commitment to the concept of inclusion, MARUI GROUP is contributing to the realization of a flourishing and inclusive society that offers happiness to all through co-creation with all stakeholders in the course of its business. MARUI GROUP started publishing ESG DATA BOOKs in 2017 with the aim of providing a useful tool that would help effectively communicate these initiatives to its stakeholders. The following improvements have been implemented in the most recent iteration of our ESG DATA BOOK.

■ Key Features

- Provision of reviews of items that showed changes in the fiscal year ended March 31, 2019
- Expansion of information disclosed through the addition of an allocation report on the green bonds issued in October 2018, one item in the society category and five items in the governance category
- Continued acquisition of third-party verification for seven items in the environment category and 14 items in the society category from the fiscal year ended March 31, 2018

■ About ESG DATA BOOK

MARUI GROUP's ESG DATA BOOK compiles the ESG-related performance data provided through the Company's co-creation management reports, co-creation sustainability reports, corporate website, and other tools into a single publication made available on the Company's corporate website. The ESG DATA BOOK is provided as a supplementary tool to facilitate understanding of the Company's initiatives for all stakeholders, particularly those interested in ESG investment.
