2. Reason

The Company's vision is to be "a company that continues to grow healthily from its roots to its new buds," and we believe that enhancing corporate value and providing stable shareholder returns are among the ways in which we can contribute to the realization of a sustainable society.
Based on our fundamental policy of providing shareholder returns in accordance with our business performance, we aim for a dividend payout ratio of approximately 50%, while also striving to maintain continuous and stable dividends.
With respect to retained earnings, we intend to strengthen our financial base while utilizing these funds for growth investments such as M&A and new business initiatives, responding to the expansion of our services while simultaneously working to improve service quality. We aim to meet the expectations of our shareholders by expanding our business, enhancing the added value of our services, and pursuing profitability.
Regarding the year-end dividend for the current fiscal year, based on the above policy and in line with our previously announced forecast, we have determined the dividend to be ¥77 per share.
