Variable Pricing to be introduced for Tokyo Disneyland and Tokyo DisneySea Park Tickets

URAYASU, CHIBA— Oriental Land Co., Ltd. announced today that variable pricing will be introduced for **Tokyo Disneyland® Park** and **Tokyo DisneySea® Park** tickets. Prices will be set for Park tickets depending on the day of the week or the period during the year based on holidays. This new pricing will take effect starting from March 20, 2021 Park admissions. (Please see the attachment for the new prices.)

Tokyo Disney Resort® has continued to expand offerings for guest enjoyment including the opening of new facilities as represented by the Tokyo Disneyland Expansion areas, as well as the introduction of new technology for guest convenience. The new variable pricing will enable a more equal distribution throughout the year of guests visiting the Parks, further enhancing the Park experience for guests. Information about any additional changes in Park ticket prices will be announced on the Tokyo Disney Resort Official Website.

In addition, sales will start for "Early Entry Tickets" exclusively for guests staying at a Disney hotel. This new ticket, which must be used together with a valid 1-Day Passport, will allow guests to enter Tokyo DisneySea as early as 8:00 a.m. Early entry will be available for admissions starting from February 20, 2021. Guests taking advantage of this ticket will be able to make good use of the extra time to experience selected popular attractions and can obtain Standby Passes before other guests are admitted to the Park.

Tokyo Disney Resort will continue to focus on the health and safety of our guests and cast members, with measures including controlled capacity through limits on attendance. We ask for your understanding and cooperation.

The entire cast of Tokyo Disney Resort is looking forward to welcoming guests and providing an enjoyable experience at the Parks.
