NIPPON REIT Investment Corporation ("NIPPON REIT") announces that three of its properties received CASBEE for Real Estate Certification as follows.

1. Overview of CASBEE for Real Estate Certification

Comprehensive Assessment System for Built Environment Efficiency (CASBEE) is a method for evaluating and rating the environmental performance of buildings and the built environment. It is a comprehensive assessment of the quality of a building, evaluating features such as interior comfort and scenic aesthetics, in consideration of environment practices that include using materials and equipment that save energy or achieve smaller environmental loads.
CASBEE for Real Estate Certification was developed for the purpose of utilizing the environmental assessment of buildings prepared in accordance with CASBEE to evaluate real estate. It is evaluated on a four-level rating system consisting of rank S, A, B+ and B for existing buildings that are one year of age or older.
