Topics: Launched a site specialized in HOKURIKU and KOSHINETSU area Kyujin@inshokuten.com

Launched a site specialized in HOKURIKU and KOSHINETSU area Kyujin@inshokuten.com on October 1. Will continue to improve our services to provide greater value to both restaurants and job seekers.

* See “Launched the service of a site specialized in HOKURIKU and KOSHINETSU area Kyujin@inshokuten.com” released on October 1, 2024

Kyujin@inshokuten.com

- ✓ Boasts **one of the largest numbers** of job listings among recruitment sites specialized in restaurant jobs
- ✓ **More than 90%** of its registered job seekers **have experience working in a restaurant**
- ✓ **More than 90%** of its job listings are **listed exclusively on it***

* “listed exclusively on it” means that the restaurant owners recruit for their positions on this site only.

Site for HOKURIKU and KOSHINETSU area

- ✓ **A site specialized in HOKURIKU and KOSHINETSU area has been added** to the existing sites specialized in KANTO, KANSAI, TOKAI, KYUSHU, and HOKKAIDO areas
- ✓ The new site covers six prefectures: Nagano, Niigata, Yamanashi, Ishikawa, Toyama, and Fukui

Topics: Started selling “Insurance to Protect Your Business”

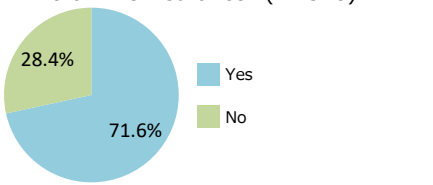

Started selling insurance that covers various risks for restaurants,
in collaboration with Nisshin Fire & Marine Insurance

* See “Started selling “Insurance to Protect Your Business,” which covers various risks for restaurants, in collaboration with Nisshin Fire & Marine Insurance” released on September 30, 2024

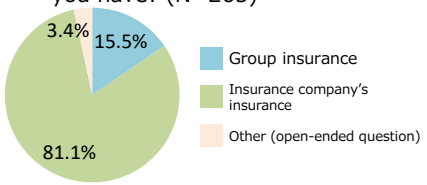

Background

- Conducted a survey on insurance held by members of Inshokuten.com (N=370)
- It became clear that information obtained by the restaurants on the purchase of insurance is inadequate
  - ✓ A little less than 30% of the restaurants do not have insurance other than fire insurance
  - ✓ More than 50% said that they were prompted to buy insurance by referrals from acquaintances

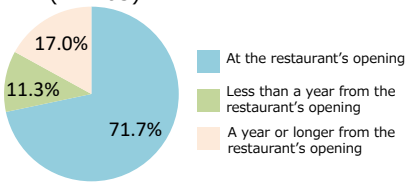

Q1. Do you have nonlife insurance other than fire insurance? (N=370)

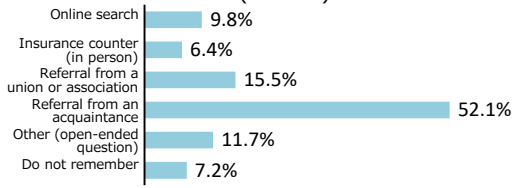

Q2. What type of nonlife insurance do you have? (N=265)

Q3. When did you buy insurance? (N=265)

Q4. What prompted you to buy insurance? (N=272)

Characteristics of “Insurance to Protect Your Business”

1. Covers risks of liability for damage that are unique to restaurants
   (liability for negligence in facility management and business operations, food poisoning, etc.)
2. Application and contract processes are completed online
3. A flat-rate insurance premium (for restaurants with net sales of 100 million yen or less) simplifies the contract renewal process

Direct sales

- Expand in areas where a market is large and it is possible to obtain customers efficiently.
- Launch direct sales bases in Fukuoka, Yokohama, and Sapporo to accelerate sales.

Agencies

- Exclusive agencies and non-exclusive agencies offer services respectively in center areas of major cities and in peripheral areas of major cities.
- Further increase the number of sales personnel, and improve unit prices of orders.

Revenue for FY2024

3,050 million yen

*A performance target and figures updated

Business Strategy (2) Expanding the platform service

- Even in the COVID-19 catastrophe, the number of registered members for opening new stores is increasing.
  - ✓ Many inquiries on services for opening business such as searching design companies have been constantly received.
  - ✓ As the numbers of inquiries on assets sale and inquiries on succession are increasing, the M&A Service has potential for expanding sales by enhancing advisors.

Revenue for FY2024

300 million yen

Business Strategy (4) Offering the data service using the membership platform (1/2)

※Figures updated

- In approaches to restaurants, there are issues on both sides of restaurants and companies related to food and drink.
  - ✓ "Inshokuten.com", a membership platform with over 300,000 user accounts, has a significant value in mediation.

Service in Stage 3

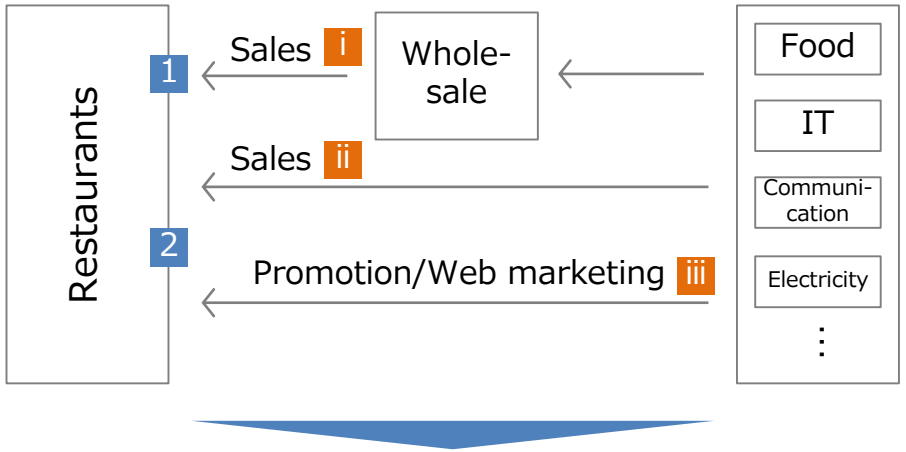

Service in Stages 1, 2, 4

Other

Issues in approaches to restaurants

1. Opportunities of receiving suggestions on food materials and menus from wholesalers decreased.

2. It is difficult to select a certain IT tool, infrastructure, and payment device, etc. from among myriad products and services.

i. On the back of staffing shortage and soaring raw material costs, operations of wholesalers were streamlined, and thus, their resources to seek small-sized stores decreased.

ii. In case of direct sales, if a product is not a high-priced one, sales efficiency is low, and therefore, enough sales staff cannot be deployed.

iii. There are not established methods of promotion and marketing for restaurants, and not many media to place advertisements.

Strengths of Inshokuten.com

- **Restaurant owners' network with over 300,000 user accounts**
  - ✓ As there are many people and decision-makers planning to open a restaurant, the number of members has been continuously increasing.
- **A good record as a platform provider**
  - ✓ Providing various services, including proprietary and other companies' ones, with fairness for many years.

Business Strategy (4) Offering the data service using the membership platform (2/2)

- Through the data service, providing to restaurants opportunities to select products and services, and to companies related to food and drink opportunities of direct sales promotion for restaurants.
  - ✓ Restaurants: possible to efficiently select optimal products and services
  - ✓ Companies related to food and drink: possible to directly conduct sales promotion/marketing for restaurants

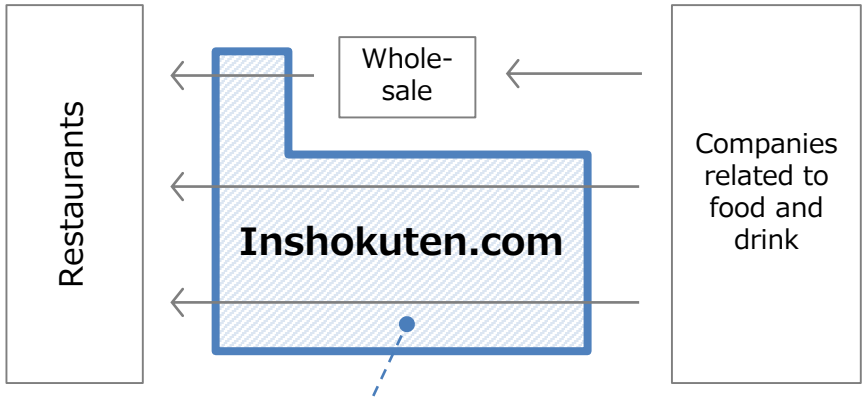

Service in Stage 3

Service in Stages 1, 2, 4

Other

What we are aiming at

The data service provides benefits to both restaurants and companies related to food and drink

Annual revenue from products for restaurants in companies related to food and drink including wholesalers amounts to **approx. 8 trillion yen**.*
Expenses for advertising and sales promotion for that are targeted

Mail Promotion / Research	● With an increase of the number of members, membership value improves, and agencies enhance sales channels.
Comparison service	● Horizontally developing the comparison service of POS registers/franchises to other domains
Becoming a media	● Inshokuten.com becomes a media to provide more sales promotion means including placing advertisements.

Revenue for FY2024

200 million yen

*Provisionally calculated by the Company based on the estimation of food-service industry market size (August 2020, Japan Foodservice Association)

Business strategy (5) : Expand revenue in the areas of customer attraction and job offering with the use of SNS short videos (1/2)

Conducted a market research on SNS short videos from 2021 to verify feasibility
Start a part-time job offering service using SNS short video at full scale

※ See "Launch of "gourmet_baito_chan" an SNS short video part-time job service" published on May 12, 2023

Background

- Centering on Generation Z, people are getting more information from short videos such as TikTok and Instagram Reels, shifting away from text-based information
- Its impact on business gradually grows bigger, from entertainment to picking restaurants and rental housing, etc.
- From 2021, operate our account for posting short videos on a trial basis※, mainly for food-spotting and part-time job offering

✓ 99% of applicants from Generation Z actually applied for part-time jobs, validating the business potential in the part-time job area

Our strengths

<Inshokuten.com>

- ✓ Over 300,000 user accounts of restaurant owners/those planning to open a restaurant
- ✓ Know-how in job offering for restaurants
- ✓ Sales system for restaurants

<SNS short videos>

- ✓ Know-how in shooting and creating short videos to offer part-time jobs
- ✓ Expertise in operating food-spotting account

Tap into a part-time job recruitment market targeting all types of jobs for businesses of all sizes

※ As our own SNS accounts, we operate two accounts on TikTok and Instagram; “puchipura_gourmet,” a food-spotting account for young adult segment (opened in December 2021) and “gourmet_baito_chan,” an account for offering part-time jobs at restaurants (opened in September 2022).

Business strategy (5) : Expand revenue in the areas of customer attraction and job offering with the use of SNS short videos (2/2)

Multiple approaches to meet restaurants' needs for recruitment and customer attraction through offering agency operation of accounts for posting SNS short videos and influencer matching service

Service provision scheme

Needs of restaurants	Services offered by the Company	Media		Systems	Membership data	Direction
Job offering	Part-time job offering service with SNS short video	gourmet_baito_chan 	Apply	Applicant management system	Job-seeker members	• Aim to expand the effect of job-offering media by making applicants from agency operation service into members, in addition to those via gourmet_baito_chan

Long-term Goal – Our Successful Model

Established a successful business model and acquired diverse capabilities through previous business operations in the restaurant support area

What we have achieved and acquired through our business operations to date

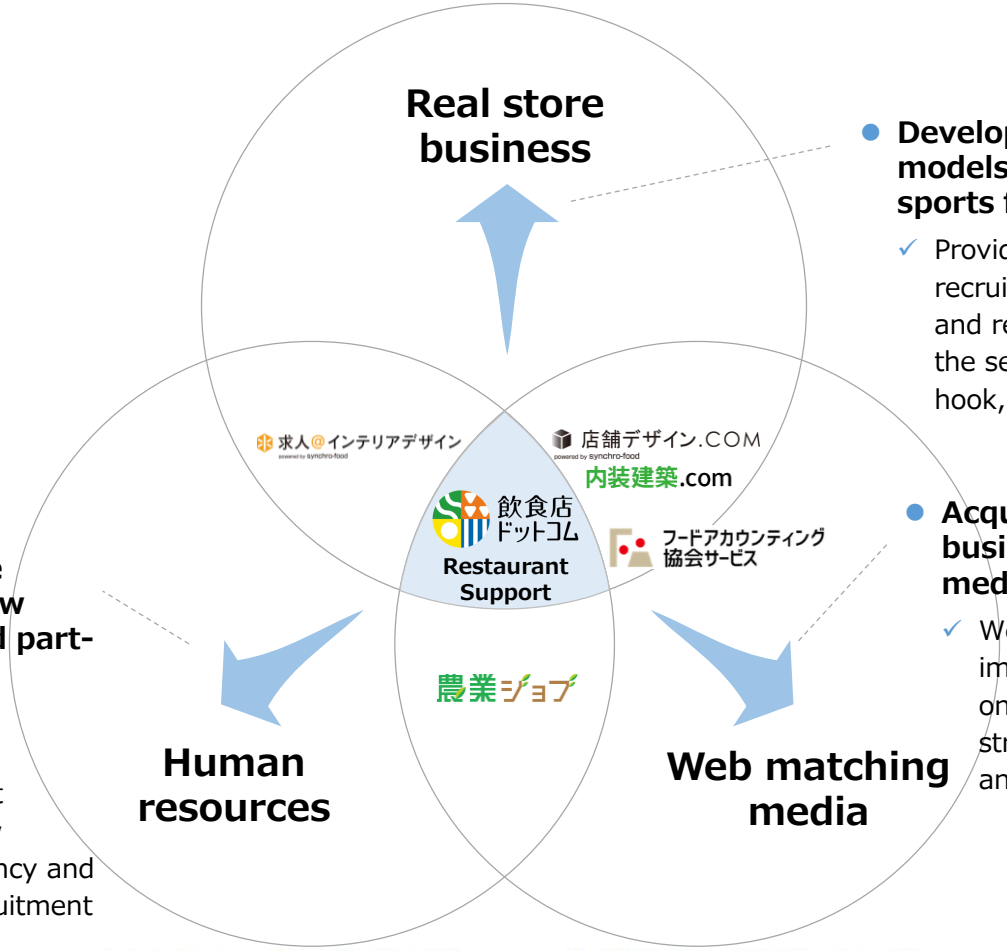

＜ Management of media platform for restaurants ＞

- Established a business model that attracts users at low cost by hooking them with real estate property searches, and monetizes it significantly through recruitment advertisements
- Providing total services through a single integrated system by releasing services one after another through speedy system development
- Acquired product management experience and UI/UX improvement skills in a number of web matching services
- Improvement of operations, efficiency, and systems based on various data analysis, and acquisition of the ability to apply them to the transferred business
- Established the ability to thoroughly streamline and structure sales activities for retail customers (small restaurants)

Long-term Goal – Direction of Business Expansion

Aiming for long-term business growth and expansion by applying the successful model in the food and beverage area to 3 areas of human resources, real store business, and web matching media.

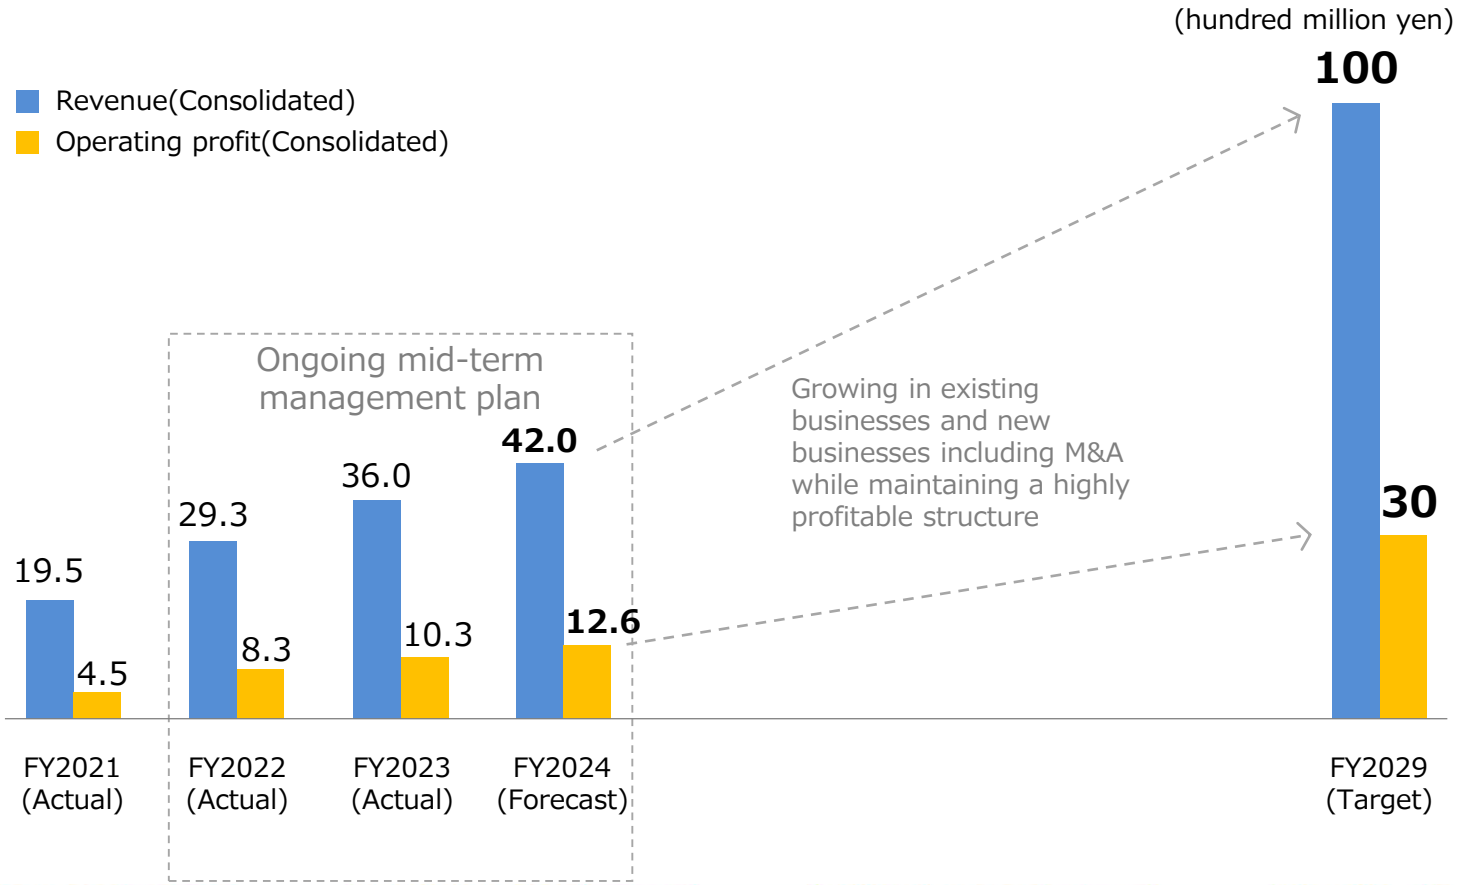

- **Developing similar business models in the clinic, beauty, and sports facility industries**
  - ✓ Providing total services such as recruitment advertisement, M&A, and removal of stores, etc., using the search for store properties as a hook, etc.

- **Providing human resource services in the areas of new graduates, mid-career and part-time work, regardless of industry.**
  - ✓ Developing SNS short video recruitment service and joint information sessions for new graduates to improve efficiency and profitability by applying recruitment advertising know-how, etc.

- **Acquiring companies and businesses in the web matching media area and create synergies**
  - ✓ Web product management, UI/UX improvement, applying know-how on business efficiency and structuring to increase sales growth and profitability, etc.

Long-term Goal – Achieving Sustainable Growth

Aiming for "10 billion yen in revenue, 3 billion yen in operating profit, and an operating margin of 30%" in the fiscal year ending March 2030.
Elaborate growth strategies for existing areas and new areas including M&A in the next mid-term management plan

Sustainability Policy

Key themes were updated in accordance with the Basic Policy for Sustainability.
We plan to set KPIs and promote initiatives to achieve them.

Basic Policy

- The origin of Synchro Food is **our desire to support people who take on challenges in the restaurant industry with will and belief**. This includes optimal encounter with properties and personnel, streamlining of management and reduction of wasteful costs.
- We have **helped restaurants enhance sustainability of their management** by indicating solutions or options of solutions to issues that may arise in a flow from opening preparation to operating and closing of restaurants.
- The services required by restaurant owners change as the world changes. We will actively work on new businesses by sensitively recognizing the changes. We are also willing to work to **raise awareness of SDGs from the aspect of food by considering food waste, food production and global environment, etc.**
- **We will create sustainable world through businesses by facing issues in the restaurant industry seriously.**

Six Key Themes (Materiality)

- Increase restaurant management efficiency and improve productivity in the restaurant industry
- Contribute to regional development by providing a variety of places to eat and drink
- Minimize mismatches by providing diverse employment opportunities
- Promoting a circular economy through support for restaurant succession
- Data security and privacy protection
- Creating a rewarding workplace in which diverse human resources can play active roles
