Notice Regarding Completion of Payment for Disposal of Treasury Shares as Compensation for Restricted Stock and Partial Forfeiture

The Company would like to announce that it completed the payment procedures today for the disposal of treasury shares as compensation for restricted stock as resolved by the meeting of the Board of Directors held on October 29, 2024. We would also like to announce that there was a change to the number of scheduled allottees, the number of stock for disposal, and the total disposal amount from the initial planned figures due to partial forfeiture. Details for this are described below. Please refer to the “Notice Regarding Disposal of Treasury Shares as Compensation for Restricted Stock” dated October 29, 2024 for details regarding this matter.

1. Details of the change for disposal of treasury shares outline (the parts that have been changed are underlined)

2. Reason for change

The difference in the number of scheduled allottees and the number of stock scheduled for disposal against the actual figures is due to the forfeiture of 3 persons who no longer satisfy the requirements to be eligible for the stock disposal as of the disposal date from among those people who were scheduled for stock disposal as of the date determined for the disposal of treasury shares.

3. Future outlook

This will have minimal impact on the Company's business results for the fiscal year under review.
