August 2024 Monthly YoY Change in Sales and Number of Company-owned Stores

Monthly review

We saw a steady number of customers because price revision in July had an insignificant effect on customer behavior and there was one day more of holidays than in the same month last year, although there was a heat wave in Japan same as the previous year, and especially, Western Japan experienced the hottest August on record.
As a result, all stores sales increased by 29.0%, year on year in August and same stores sales increased by 11.4%, and same stores sales (excluding stores closed for refurbishment) increased by 10.5%.
