Vision Inc. opens a new store at Kansai International Airport Terminal 2 for “GLOBAL WiFi®.” The brand store will start sales and service of telecommunication-related products that make travel more convenient for the first time.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter Vision), a provider of “GLOBAL WiFi®” (<https://townwifi.com/>), which is a reasonable and high quality overseas Wi-Fi router rental service, will open the “Kansai Airport Terminal 2 Departure Gate Store” at Kansai International Airport Terminal 2 on October 20 to meet the various needs of increasing demand for overseas travel and visits to Japan.

The “Kansai Airport Terminal 2 Departure Gate Store” will be the first “GLOBAL WiFi®” store to have a sales space for Wi-Fi routers and other telecommunication-related products, as well as mobile batteries and other essential items that are indispensable during travel. It is a great advantage to be able to pick up a Wi-Fi router and procure necessary items at the same time before departure.

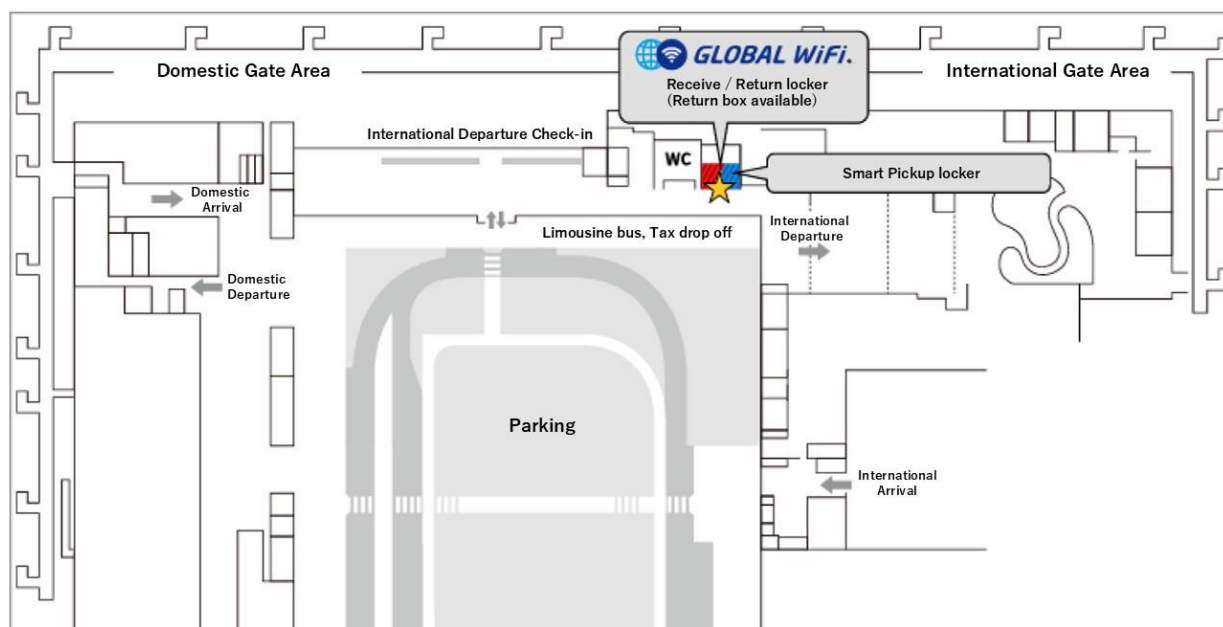

The Store has a counter for same-day application and pick-up as in the past, a Wi-Fi locker “Smart Pickup” for 24 hours application and pick-up without regard to departure and arrival times, and a vending machine for SIM cards available in Japan for customers visiting Japan. The manned counter is open from 7:00am to 9:30pm, covering all flights to and from the airport, and functions as an unmanned store outside of staffed hours to meet the various needs of customers.

Together with the store specializing in serving customers visiting Japan, which reopened on October 12th at the arrival gate of Terminal 1, we will be able to provide services along the departure and arrival routes of all people using the Kansai International Airport.

We will continue to support our customers in safe and secure travel and business, strive to improve our services and network quality, and expand available areas to provide a comfortable mobile Internet connection environment around the world.
