Notice of Changes in Reportable Segments

Bengo4.com, Inc. (the “Company”) announces that at a meeting held on July 16, 2025, its Board of Directors passed a resolution to change the Company’s reportable segments starting from the fiscal year ending March 31, 2026.

1. Reason for change

Under the mission “Be the Professional-Tech Company,” the Group operates an Internet media business through portal sites such as Bengoshi.com for legal consultations and Zeirishi.com for tax consultations. It also operates an IT/Solutions business that includes CloudSign, a contract management platform, and Hanreihisho, a data base for precedents.

Looking ahead, the Group will seek to popularize its mission-oriented Professional-Tech services and give greater clarity to information about CloudSign, a growth business. With this in mind, the Company has decided to reclassify its reportable segments as the Professional Support business and the CloudSign business.

2. Overview of the change

Business Lawyers and Hanreihisho, which are included in the IT/ Solutions business, will be transferred to the Media business, the name of which will be changed to the Professional Support business.

CloudSign, a contract management platform, will be reclassified as the CloudSign business.
