Regarding News Reports About Transfer of Sharp's LCD Panel Plant

Today, there were news reports by Nikkei Shimbun referring to transfer agreement on part of Sharp's LCD panel plant will be made with KDDI Corporation (hereinafter "KDDI"). However, these reports are not based on Sharp's announcement.

Currently, as announced in its press release "Sharp and KDDI Enter into Memorandum of Understanding Regarding AI Data Center" issued on December 9, 2024, Sharp is continuing discussions with KDDI on transferring part of its fixed assets (land and buildings etc.). However, no decisions are made at this point.

Sharp will immediately make announcements once any decisions are made that require disclosure.
