March 14, 2025
FP Partner Inc.

We will be opening “Money Doctor Premier Shinsaibashi Parco Store”.

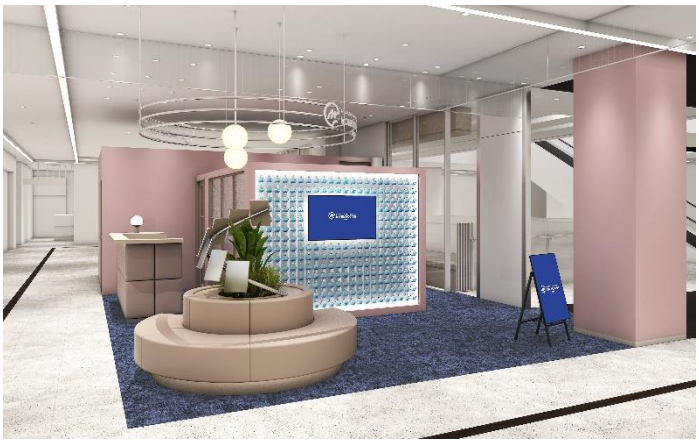

～ We provide support to help you live a fulfilling life through FP consultations. ～

FP Partner Inc. (Headquarters: Bunkyo-ku, Tokyo; Representative Director and President: Tsutomu Kuroki; listed on the Tokyo Stock Exchange Prime Market), is rolling out “Money Doctor Premier”, a one-stop financial service that offers free consultations with financial planners on all aspects of money, from life planning to end-of-life financial affairs, to customers throughout Japan, centering on major cities. On Tuesday, April 15, 2025, “Money Doctor Premier Shinsaibashi Parco Store” will open.

We support our customers so that they can live healthy and active lives through financial consultations.

Money Doctor Premier is currently operating 31 branches nationwide as a financial consultation service that local people can use easily. We are actively working to develop more branches, aiming to have 50 branches by the end of 2026, so that we can support even more customers. We have received positive feedback from customers who have used our services, with comments such as “they answered all my questions politely and sincerely” and “the explanations were easy to understand, and I want to consult with them again”.

Following the opening of the Tennoji MIO store, we will be opening our second store in Osaka City, the Shinsaibashi Parco store, on April 15th. Shinsaibashi PARCO is directly connected to the Shinsaibashi Station on the Midosuji Line of the Osaka Metro, and is located in a great location with excellent access. Thanks to the synergy effect with the adjacent Daimaru Department Store, we expect to attract a large number of customers, and we also expect to improve the recognition of Money Doctor and expand the area in which we provide our services.

PARCO is developing a wellness business with the aim of “creating a world where everyone can imagine and live a healthy life”.

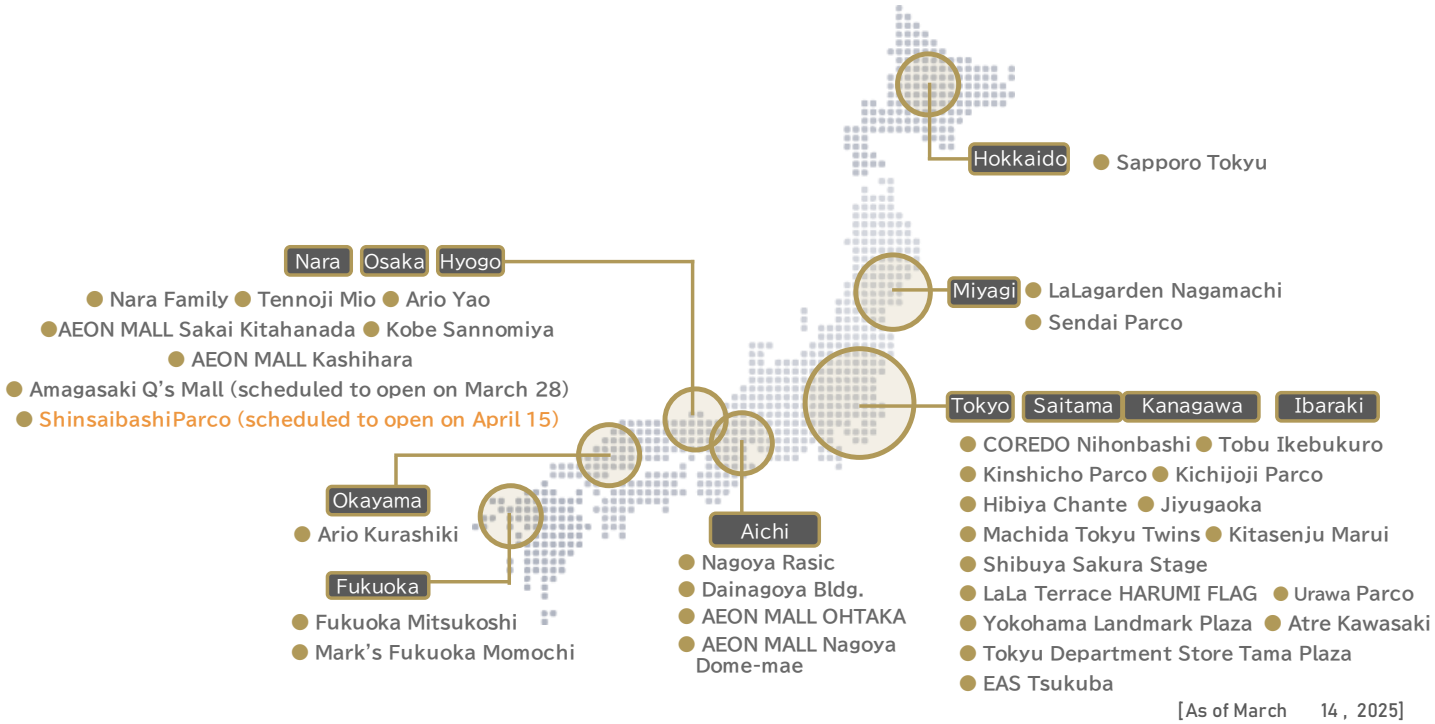

In opening a branch in the “Wellness Zone” on the 10th floor of Shinsaibashi PARCO, we have chosen the theme of “well-being performance” for the Shinsaibashi PARCO branch. By consulting with the FP at Money Doctor Premier, we hope to help you resolve your concerns about money and give you hope, so that you can feel satisfied in body and mind, and live a vibrant and healthy life.

At the Shinsaibashi Parco branch, we will provide consultation and advice on the “money” that is essential to your life, and support the local community in living a better life.

About Money Doctor Premier

Money Doctor Premier is a service that allows you to consult with a financial planner (FP) for free about anything related to money that you may need in your life, such as retirement funds, asset building, and savings plans for the future. The FP will provide advice tailored to your individual life plan in order to help you solve any money-related problems you may have. For consultations that require the expertise of a specialist, the FP will work with you to introduce you to a tax accountant or judicial scrivener, etc.

As the number of customers who want to discuss important financial matters in a relaxed private room setting increases year on year, we have mapped out a growth strategy to increase the number of branches from the current 30 branches as of the end of November 2024 by 20 branches over the next two years, bringing the total to 50 branches by the end of November 2026. By continuing to open new branches energetically, we will create branches that are close to the local community and where customers can visit with peace of mind.
