The theme of Aeon Mall Kyoto Katsuragawa Store is “A place where legacy lives on,” expressing our respect for Kyoto's history of over a thousand years and our hope that Money Doctor Premier's services will be passed on to future generations.The interior design incorporates the image of wisteria flowers from Arashiyama Station, creating a calm and sophisticated space. By consulting with Money Doctor's financial planners, customers can receive advice and guidance on financial concerns essential to daily life, helping the local community lead better lives.

About Money Doctor Premier

Money Doctor Premier is a service that allows you to consult with a financial planner (FP) for free about anything related to money that you may need in your life, such as retirement funds, asset building, and savings plans for the future. The FP will provide advice tailored to your individual life plan in order to help you solve any money-related problems you may have. For consultations that require the expertise of a specialist, the FP will work with you to introduce you to a tax accountant or judicial scrivener, etc.

As the number of customers who want to discuss important financial matters in a relaxed private room setting increases year on year, we have mapped out a growth strategy to increase the number of branches from the current 30 branches as of the end of November 2024 by 20 branches over the next two years, bringing the total to 50 branches by the end of November 2026. By continuing to open new branches energetically, we will create branches that are close to the local community and where customers can visit with peace of mind.
