(Note) The Company plans to conduct a 2-for-1 stock split of its common stock, effective July 1, 2026. The payment of the interim dividend with a record date of March 31, 2026, will be based on the number of shares held prior to the stock split. For details regarding the stock split, please refer to the “Notice Regarding Stock Split, Partial Amendment to the Articles of Incorporation in Connection with the Stock Split, and Revision of Dividend Forecast” disclosed today (May 12, 2026).

2. Reason

The Company regards returning profits to shareholders as one of its top management priorities. Taking into account our consolidated business performance and financial condition, our basic policy is to maintain continuous dividend increases and stable dividends. For dividends during the “SANYO VISION 2028” period, we aim for a dividend payout ratio of 30% or higher and will continue to implement progressive dividends. Furthermore, we are working to increase the dividend per share by further strengthening our management structure to continuously enhance corporate value and thereby reinforce our stable earning power.

Regarding the interim dividend for the fiscal year ending September 2026, while adhering to this basic policy, we have decided to increase the dividend by 1 yen from the previous forecast of 29 yen per share to 30 yen per share, based

on a comprehensive assessment of our performance and financial condition during the first half of the fiscal year.
