Notice Regarding the Shareholder Benefit Program with HashPort Inc. and JPYC Inc.

Metaplanet Inc. (the "Company") hereby announces the details of its shareholder benefit program in partnership with HashPort Inc. (“HashPort”) and JPYC Inc., as set forth below. HashPort is the provider of “HashPort Wallet”, a non-custodial Web3 wallet that enables users to manage and utilize stablecoins, crypto assets, NFTs, and other digital assets through a single application. Under this program, “JPYC”, a Japanese yen-denominated stablecoin (an electronic payment instrument under the Payment Services Act issued by JPYC Inc.), will be awarded to shareholders through “HashPort Wallet”.

This program embodies the “Wealth” pillar of the Company’s shareholder benefit themes of “Wealth, Health, and Joy.” Providing shareholders, who are partners supporting the Company’s business, with an opportunity to directly hold “JPYC”, a yen-denominated stablecoin, is intended to enhance shareholder value and is consistent with the Company’s policy of promoting the development of a Bitcoin-based economic ecosystem.

1. Program Overview

(1) Eligible Shareholders (shareholders who satisfy all of the following conditions)

- Shareholders who hold at least one unit of the Company’s shares (100 shares) as of June 30, 2026 (*1).
- Individual shareholders who, between July 13, 2026 and August 31, 2026, download “HashPort Wallet,” connect to “JPYC EX” within the app, and complete the issuance procedure for “JPYC” in an amount equivalent to JPY 100,000 or more (100,000 “JPYC”) (*2) (*3).
- Shareholders who complete the application registration on the dedicated page within “HashPort Wallet” using the benefit code (coupon code) issued through the Company’s Shareholder Portal.

(*1) To be eligible for this shareholder benefit, shareholders must be listed or recorded in the Company’s shareholder registry as shareholders holding 100 or more shares of the Company’s shares as of June 30, 2026. For reference, if June 30, 2026 is the record date, the last trading day with rights will be Friday, June 26, 2026. The foregoing is provided solely as information regarding the eligible shareholders and schedule for this shareholder benefit program and does not constitute a solicitation or recommendation to acquire shares of the Company or engage in any other investment activity.

(*2) Shareholders who are already using “HashPort Wallet” may participate in this program using their existing “HashPort Wallet” account.

(*3) This program is currently under preparation, and the details and schedule set forth above are based on plans as of the date of this announcement. The details and schedule are subject to change. In the event of any changes, the Company will provide further notice. Shareholders are therefore encouraged to refer to the Company's website and other official communications for the latest information.

(2) Details of the Shareholder Benefit

"JPYC" with a total value of more than JPY 1.5 million will be awarded through "HashPort Wallet" to the first 1,000 eligible shareholders by lottery. Each of the first 1,000 eligible participants will receive one of the following benefits:

· First Prize – 3 winners: 100,000 "JPYC" per winner

· Second Prize – 30 winners: 10,000 "JPYC" per winner

· Third Prize – All eligible participants who do not win First or Second Prize: 1,000 "JPYC" per person

(3) Conditions for Receiving the Benefit

To be eligible for the benefit, shareholders must hold their "JPYC" after completing the issuance procedure for 100,000 "JPYC" or more and must not redeem it through JPYC EX (i.e., convert it back into Japanese yen) for a period of one month following issuance.

(4) Timing of "JPYC" Distribution

"JPYC" will be awarded to winning shareholders through "HashPort Wallet" after confirmation that the applicable conditions have been satisfied. Shareholders who complete the issuance during July 2026 are expected to receive their "JPYC" in mid-September 2026, while those who complete the issuance during August 2026 are expected to receive their "JPYC" in mid-October 2026.

(5) Application Process

① Log in to the Company's Shareholder Portal and select "HashPort Benefit."

② Click "Receive the JPY 1.5 Million+ Campaign Coupon" and confirm the benefit code (coupon code).

③ Download "HashPort Wallet" (shareholders who are already using "HashPort Wallet" may proceed directly to Step 4).

④ Enter the benefit code (coupon code) on the dedicated page within "HashPort Wallet" and complete the application. The lottery result will be displayed immediately.

⑤ Complete the issuance procedure for "JPYC" with a value of at least JPY 100,000 (100,000 "JPYC") through JPYC EX within the app.

⑥ Hold the relevant "JPYC" for one month without redeeming it through JPYC EX (i.e., converting it back into Japanese yen).

⑦ Upon confirmation that the conditions have been satisfied, "JPYC" will be awarded through "HashPort Wallet". Shareholders who complete issuance during July 2026 are expected to receive their "JPYC" in mid-September 2026, while those who complete issuance during August 2026 are expected to receive their "JPYC" in mid-October 2026.

2. About HashPort

HashPort Inc. (established in July 2018; President and CEO: Kazuhiro Yoshida; capital: JPY 100 million) is a company that provides total solutions in the blockchain field under the mission of "Bringing Unseen Value into Everyday Life." HashPort is an equity-method affiliate of KDDI Corporation, and its shareholders include Sumitomo Mitsui Banking Corporation and The University of Tokyo Edge Capital Partners (UTEC). "HashPort Wallet", the non-custodial Web3 wallet provided by the company, is a Japan-developed wallet that succeeds the official app of Expo 2025 Osaka, Kansai, Japan, "EXPO2025 Digital Wallet." The app has exceeded one million cumulative downloads and enables users to manage and utilize stablecoins, crypto assets, NFTs, SBTs, and other digital assets in a single app. It also supports "JPYC", a Japanese yen-denominated stablecoin. According to HashPort, 84% of domestic users of Japanese yen-denominated stablecoins use "HashPort Wallet". In addition, HashPort also provides Web3 consulting and solutions services. "JPYC", which will be awarded under this program, is an electronic payment instrument issued by JPYC Inc. that is exchangeable 1:1 with Japanese yen under Article 2, Paragraph 5 of the Payment Services Act, and JPYC EX is the platform used for its issuance and redemption.

3. About JPYC Inc.

JPYC Inc. has been engaged in stablecoin-related businesses since 2021. In August 2025, JPYC Inc. obtained registration as a funds transfer service provider and began issuing "JPYC," the first Japanese yen-denominated stablecoin issued by a domestic funds transfer service provider. As a core player in the Japanese yen-denominated stablecoin business in Japan and overseas, JPYC Inc. will promote efficient digital financial innovation by leveraging features such as transparency and low-cost remittances.

4. Initiatives to Enhance Shareholder Value

The Company positions its shareholders as "partners who support the Company's business" and regards the maximization of shareholder value as a key management priority. Beginning in July 2026, the Company will roll out a new shareholder benefit program under three themes: "Wealth," "Health," and "Joy."

The partnership with HashPort represents an initiative embodying the "Wealth" theme. Under its Bitcoin-centered treasury strategy, the Company views yen-denominated stablecoins, which serve as payment infrastructure closely linked to Bitcoin, as an important element in building a Japan-originated economic ecosystem. By providing shareholders with an opportunity to directly hold "JPYC," a yen-denominated stablecoin, the Company aims to promote the expansion of this ecosystem and enhance shareholder value.

In April 2026, the Company invested in JPYC Inc. through its subsidiary Metaplanet Ventures. This program further advances the Company's initiatives with JPYC Inc.

The Company will continue to enhance shareholder benefits, encourage long-term ownership of the Company's shares, and further strengthen the connection between shareholders and the Company's business through strategic partnerships with leading companies across various industries.
