KLab's Investment Decision

There are many different views on the market, not just BTC, and we believe it is best to avoid relying on just one view or one analyst. Therefore, at KLab, we have built a system that uses AI to comprehensively aggregate, scrutinize, and analyze opinions from around the world, and will use this information to make purchase decisions.

Reports created using AI are available to the public as the "KLab with AI BTC Report" and "KLab with AI GOLD Report."

Please refer to these reports concerning our purchase decisions.
