Orders and Backlog for FY2025 (Consolidated)

- Consolidated order intake increased year-on-year, as the Information Infrastructure business absorbed the decline from large-scale renewals in the previous fiscal year through the steady accumulation of new orders and renewal orders.
- The consolidated order backlog increased compared to the previous term due to a higher proportion of orders from stock-type projects.

Company-wide total

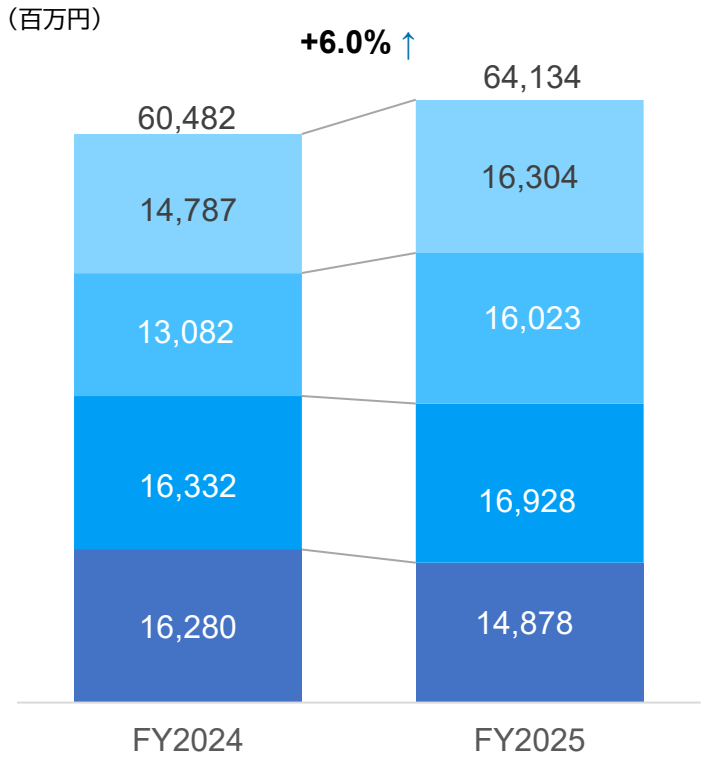

∗By eliminating the impact of agent transactions in the previous period's EdTech business, we have revised the order volume and order backlog from the previous period.
