Notice Concerning Changes to Reportable Segments

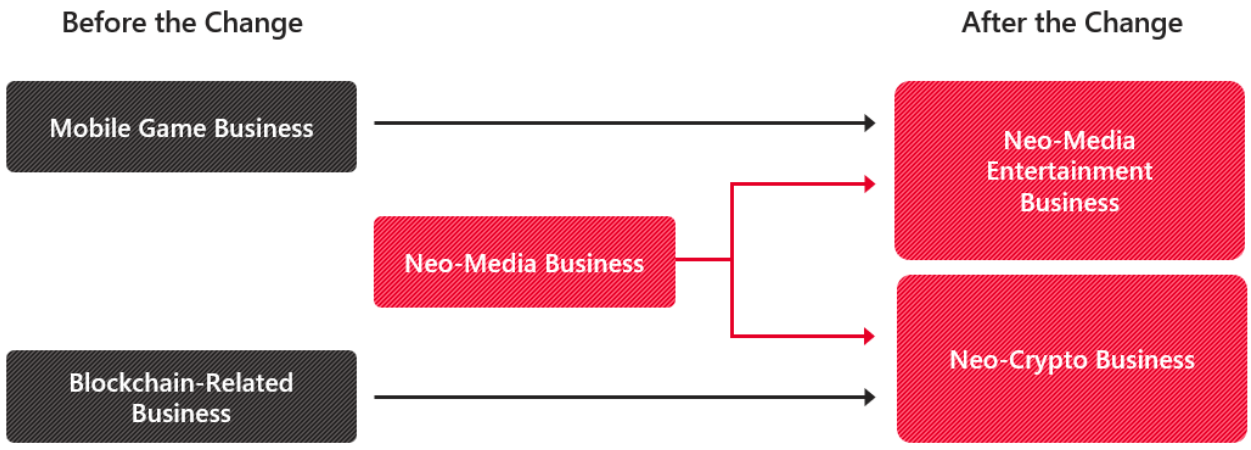

gumi Inc. (the "Company") hereby announces that its Board of Directors has resolved today to change its reportable segments starting from the fiscal year ending April, 2027.

1. Reason for the Change

The Company has historically developed its business centered around two reportable segments: the Mobile Game Business and the Blockchain-Related Business.

In light of the SBI Group's strategy—namely, the construction of a new economic sphere through the integration of three major ecosystems (adding a new “Neo-Media Ecosystem” to the existing financial and digital space ecosystems)—the Company has decided to change its reportable segments to maximize synergies with the SBI Group.

2. Overview of the Change

3. Timing of the Change

The Company will begin reporting financial results under the newly revised segments starting from the first quarter of the fiscal year ending April, 2027.
